

ASX MEDIA ANNOUNCEMENT

28 March 2018

GCS AWARDED EXTENSION OF SCAFFOLDING SERVICES CONTRACT BY CITIC PACIFIC MINING

Construction and industrial services group Global Construction Services Limited (ASX: **GCS**) today announced that following a successful tender, it has been awarded a new 3 year contract with further renewal options from CITIC Pacific Mining to continue to provide scaffolding services for the Sino Iron Project.

The Sino Iron Project is a world class, large-scale magnetite iron ore project, located 100 kilometres south west of Karratha in Western Australia's Pilbara region.

The scope of this contract will see GCS continue to provide labour, materials and equipment for access services at the CITIC's Sino Iron Project for ongoing maintenance and shutdown requirements. The services include the supply, erection, modification, and removal of scaffolding, rope access and other access solutions to all departments within the Sino Iron Project.

"The GCS Group is pleased this contract has been awarded which will effectively extend GCS's partnership with CITIC Pacific Mining, as it recognises GCS's successful delivery capabilities with the Sino Iron Project and other projects in the North West. This contract supports our strategy to continue to build on and secure annuity revenue streams in the Mining and Oil & Gas sectors", said GCS Group Managing Director Mr. Enzo Gullotti.
