## **HIGH GOLD GRADES FOURTH TREATMENT CAMPAIGN PENNY'S FIND GOLD MINE**

Empire Resources Ltd (ASX code:ERL) on behalf of the Penny's Find Joint Venture has commenced its fourth toll treatment campaign at the Lakewood Mill, Kalgoorlie-Boulder, WA.

The processing data\* from the mill for six days processing to 20 April indicate:

- **Average calculated head grade of 7.06g/t Au**
- **11,258 dry tonnes processed**
- **92.7% overall recovery**
- **66.5% recovered by gravity**
- **73 kilos of gold recovered**
- **Approximately 18,000 dry tonnes of ore remain to be processed**

*\* Subject to confirmation and final reconciliations*

Yesterday four gravity gold bars were poured and over 57.5kg dore was despatched to Perth Mint for refining.

A final processing summary for the fourth treatment campaign will be issued to the market in May once Mint and mill reconciliations have been finalised.
