

## TRANSCENDENCE TECHNOLOGIES LIMITED MARCH 2018 QUARTERLY ACTIVITIES REPORT

The Board of Transcendence Technologies Limited ('Transcendence' or 'the Company') provides the following report on its activities and operations for the quarter ended 31 March 2018.

### E-Collate

The Company is currently improving its product (**E-Collate**) for use in the individual Self-Managed Superannuation Funds (**SMSF**) industry. E-Collate is an innovative product for general document aggregation to streamline the administration of individual Self-Managed Superannuation Funds. It utilises unique proprietary software and interfaces to enable rapid arrangement, secure storage and efficient export of compliance sensitive documentation.

Software architecture of E-Collate's web platform is complete for the basic workflow of managing documents for a SMSF. Individuals are able to upload, manage and export document collections for their SMSF accounting and audit service providers (**SMSF Providers**).

Work carried out during the reporting period includes:

- **Internal software upgrades**  
Customer service staff of E-Collate can customise document type pick lists and other account settings for rapid evolution of E-Collate to suit end-user and SMSF Provider requirements. Previously the whole system was required to be taken offline and opened up to make changes to such settings.
- **Security and audit improvements**  
Security of the E-Collate web platform has been locked down and procedures established to audit and prevent instances of staff access to private customer data.
- **Field Trials Ongoing**  
The current release version of the E-Collate system is currently scheduled for ongoing testing as part of the Pilot Program. Currently a 3GB quota of cloud storage per user is in place and sign-up & operation of the platform is fully self-service. The Company is encouraging prospective users to contact [info@e-collate.com.au](mailto:info@e-collate.com.au) for explanatory materials and access.

Post the end of the reporting quarter, the Company has launched a targeted strategy to market directly to prospective new SMSF clients (**Clients**). The Company has commenced negotiations with accountants, auditors, financial advisors and lawyers to secure agreements for referral of Clients acquired during the direct marketing campaign.

## DigitalX

During the quarter, the Company appointed DigitalX Limited as Blockchain Advisor. DigitalX will review the Company's current product offerings and provide Blockchain consulting and business development services, with a focus on how distributed ledger technology could be integrated into Transcendence's current business model.

The remuneration of DigitalX is primarily success based and payable in script.

## Corporate

At the end of the quarter, the Company had cash reserves of \$1.86 million. The Appendix 4C report attached to this report contains the Company's cash flow statement for the quarter.

For and on behalf of the Board,

**Sarah Smith**  
**Company Secretary**
