The Chair will also give Shareholders a reasonable opportunity to ask the auditor or the auditor's representative questions relevant to:

- (a) the conduct of the audit;

1. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

1.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

1.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

1.3 Previous voting results

This is the Company's first annual general meeting since its registration as a public company. Accordingly, if at least 25% of the votes cast on this Resolution are against the adoption of the remuneration report, it will not result in the Company putting a Spill Resolution to Shareholders.

2. RESOLUTION 2 – ELECTION OF DIRECTOR – MR SIMON JACKSON

Rule 6.1(f) of the Constitution requires an election of Directors to take place each year and at that meeting one-third of the directors (excluding any director who is required to retire as a Director at the meeting under rule 6.1(e)) and the managing director) to retire from office as director. The Board (with the exception of Dr Kreuzer) supports the re-election of Dr Kreuzer and recommends that Shareholders vote in favour of Resolution 3.

4. RESOLUTION 4 – APPOINTMENT OF AUDITOR AT FIRST AGM

The Directors of a public company must appoint an auditor within one month of registration. The directors have appointed Grant Thornton Audit Pty Ltd as the Company's auditor.

The auditor of a public company so appointed within one month of registration holds office until the first annual general meeting of the Company. The auditor must be re-appointed at the first annual general meeting so that they may continue to act as auditor of the Company.

In accordance with section 328B(1) of the Corporations Act, the Company has sought and obtained a nomination from a shareholder for Grant Thornton Audit Pty Ltd to be appointed as the Company's auditor. A copy of this nomination is attached to this Explanatory Statement as Schedule 1.

Grant Thornton Audit Pty Ltd has given its written consent to act as the Company's auditor subject to shareholder approval of this resolution.

5. RESOLUTIONS 5 TO 9 – ISSUE OF PERFORMANCE RIGHTS TO RELATED PARTIES – MR JAMES MERRILLEES, MR MICHAEL BOHM, MR SIMON JACKSON, DR AMANDA BUCKINGHAM AND DR OLIVER KREUZER

5.1 General

The Company proposes, subject to obtaining Shareholder approval, to grant a total of 1,500,000 Performance Rights (**Related Party Performance Rights**) to Mr James Merrillees, Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer (or their respective nominees) (**Related Parties**) on the terms and conditions set out below.

5.2 Shareholder approvals

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (i) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (ii) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of the Related Party Performance Rights constitutes giving a financial benefit to Mr James Merrillees, Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer, who each are related parties of the Company by virtue of being Directors.

Shareholder approval is being sought under section 195 of the Corporations Act which provides that a director of a public company may not vote or be present during meetings of directors when matters in which that director holds a 'material personal interest' are being considered except in certain circumstances or unless the non-interested directors pass a resolution approving the directors' participation. Section 195(4) provides that if there are not enough directors to form a quorum for a directors meeting because of this restriction, one or more of the directors may call a general meeting to pass a resolution to deal with the matter on the basis that the Directors have a material person interest in the outcome of Resolutions 5, 6, 7, 8 and 9. Shareholder approval in accordance with section 195(4) of the Corporations Act is sought for this matter as outlined in Resolutions 5, 6, 7, 8 and 9.

In addition, ASX Listing Rule 10.11 also requires shareholder approval to be obtained where an entity issues, or agrees to issue, securities to a related party, or a person whose relationship with the entity or a related party is, in ASX's opinion, such that approval should be obtained unless an exception in ASX Listing Rule 10.12 applies.

If Resolutions 5, 6, 7, 8 and 9 are passed, the Related Parties may be issued the Related Party Performance Rights, which would constitute the issue of securities to a related party. Accordingly, approval for the issue of the Related Party Performance Rights to the Related Parties is sought under ASX Listing Rule 10.11.

It is the view of the Company that the exceptions set out in sections 210 to 216 of the Corporations Act and ASX Listing Rule 10.12 do not apply in the current circumstances. Accordingly, Shareholder approval is sought for the grant of Related Party Performance Rights to the Related Parties for the purposes of section 208 of the Corporations Act.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to issue the Related Party Performance Rights to the Related Parties as approval is being obtained under ASX Listing Rule 10.11. Accordingly, the issue of Related Party Performance Rights to the Related Parties will not be included in the 15% calculation of the Company's annual placement capacity pursuant to ASX Listing Rule 7.1.

5.3 Information Requirements - Chapter 2E of the Corporations Act

Pursuant to and in accordance with the requirements of Chapter 2E of the Corporations Act, the following information is provided in relation to the proposed grant of Related Party Performance Rights to the Related Parties:

The related parties to whom the proposed Resolutions would permit the financial benefit to be given and the nature of the financial benefit

The related parties are Mr James Merrillees, Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer and they are related parties by virtue of being Directors.

The nature of the financial benefit to be given is the issue of the Related Party Performance Rights.

No cash consideration will be paid by the Related Parties for the issue of the Related Party Performance Rights or their conversion to Shares upon vesting and exercise in accordance with their terms and conditions.

The maximum number and tranches of Related Party Performance Rights (being the nature of the financial benefit being provided) to be issued to the Related Parties (or their nominees) is:

Related Party	Related Party Performance Rights		
	Tranche 1 Jan'18-Jan'19	Tranche 2 Jan'18-Jan'20	Total
Mr James Merrillees	350,000	350,000	700,000
Mr Michael Bohm	100,000	100,000	200,000
Mr Simon Jackson	100,000	100,000	200,000
Dr Amanda Buckingham	100,000	100,000	200,000
Dr Oliver Kreuzer	100,000	100,000	200,000

The details of the financial benefit including reasons for giving the type and quantity of the benefit:

The terms of the Related Party Performance Rights are set out in Schedule 2 to this Explanatory Memorandum.

The number of Performance Rights to be issued to each of the Related Parties (or their nominees) has been determined on the basis that:

- (i) the issue of the Related Party Performance Rights is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties;
- (ii) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Related Party Performance Rights upon the terms proposed; and
- (iii) it is commensurate to the experience of each other Related Party taking into consideration the current market price of Shares, the current market practices and the expiry dates of those Related Party Performance Rights; and
- (iv) the issue of Related Party Performance Rights to the Related Parties will align the interests of the Related Parties with those of Shareholders.

The Board acknowledges the issue of Related Party Performance Rights to Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer is contrary to the ASX Corporate Governance Council's guidelines in relation to Recommendation 8.2 of the Corporate Governance Principles and Recommendations (3rd Edition) that non-executive directors should generally not receive performance rights as part of their remuneration as it may lead to bias in their decision making and compromise their objectivity. However, the Board considers the issue of Related Party Performance Rights to Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer reasonable in the circumstances for the reason noted above.

Related Parties Current Holdings

The relevant interests of the Related Parties in securities of the Company as at the date of this Notice (which are held both directly and indirectly) are set out below:

Related Party	Shares
Mr James Merrillees	150,000
Mr Michael Bohm	3,170,001
Mr Simon Jackson	303,334
Dr Amanda Buckingham	2,333,334
Dr Oliver Kreuzer	1,883,334

Dilution effect of issue of Performance Rights on existing members' interest

The Company currently has 60,683,341 Shares on issue.

If all of the Related Party Performance Rights to be issued vest and are exercised, a total of 1,500,000 Shares would be issued. The effect would be that the shareholdings of existing Shareholders would be diluted by an aggregate of 2.47%, comprising dilution of approximately 1.15% by Performance Rights which vest to Mr James Merrillees and 0.33% for the respective Performance Rights which vest to Mr Michael Bohm, Mr Simon Jackson, Dr Amanda Buckingham and Dr Oliver Kreuzer.

Directors' total remuneration

The remuneration and emoluments from the Company to the Related Parties for the current financial year and the total financial benefit to be received by them in this current period, as a result of the issue of the Related Party Performance Rights the subject of Resolutions 5 to 9) are set out below:

Related Party	Financial Year ending 31 December 2018 \$	Value of Performance Rights \$	Total Financial Benefit \$
Mr James Merrillees	246,375	70,000	316,375

The Company's adviser, Stantons International Securities, has independently valued the Related Party Performance Rights. A copy of the valuation is attached at Schedule 3 to this Explanatory Memorandum

The indicative valuation of the Related Party Performance Rights has been calculated using the following assumptions:

- (i) the underlying value of each Share in the Company is approximately 20 cents, noting that Shares since the Company's ASX listing on 15 January 2018 have had a low price of 20 cents and a high price of 37.5 cents;
- (ii) on the basis that the share volatility since the Company's ASX listing to 9 April 2018 approximated 50.87%;
- (iii) 50% of the Related Party Performance Rights will vest into Shares;
- (iv) that the employment condition referred to in Schedule 2 will be met; and
- (v) that the personnel condition referred to in Schedule 2 will not come into force (that is that a fatality on a Company tenement (personnel or contractor) does not occur).

Based on these assumptions, it is considered that the estimated value of the Related Party Performance Rights to be issued to the Related Parties is 10 cents per Performance Right.

On this basis, the maximum of 1,500,000 Performance Rights proposed to be issued to the Related Parties (or their nominees) have an aggregated value of \$150,000.

Any change in the assumptions applied in the valuation would have an impact on their value.

Company's historical Share price

The trading history of the Shares on ASX since the Company's' ASX listing on 15 January 2018 is set out below:

	Price	Date
Highest	37.5 cents	22 February 2018
Lowest	19 cents	16 April 2018
Last	20 cents	19 April 2018

- (b) Subject to the satisfaction of the vesting conditions, the Performance Rights will vest in two measurement periods:
 - (i) Tranche 1 is the period from 15/1/18 to 15/1/2019.
 - (ii) Tranche 2 is the period 15/1/18 to 15/1/2020.
- (c) The vesting conditions for the Performance Rights are as follows:
 - (i) employment at the end of the relevant measurement period (**Employment Condition**);
 - (ii) No fatalities on the Company's mining tenements (**Personnel Condition**); and
 - (iii) Performance of the Company against a peer group based on Total Shareholder Return (TSR) (**Performance Condition**).
- (d) In order to meet the Employment Condition, the relevant Related Party must be employed by the Company at the end of the relevant measurement period.
- (e) In order to meet the Personnel Condition, there must not be a fatality (personnel or a contractor) on a mining tenement held by the Company (or any of its subsidiaries) during the relevant measurement period.
- (f) At the end of the relevant measurement period, the Company's performance shall be determined by the Board by reference to the Company's TSR for that period, which will be compared against a peer group of companies approved by the Board.
- (g) The TSR calculation will be based on the percentage change in share price over the relevant measurement period (inclusive of any dividend(s) paid in the same period). The percentage change will be calculated by comparing the 20-day volume weighted average price in the 20-business day period immediately before the start (beginning) and end of the relevant measurement period.
- (h) The Company's TSR compared against the peer group will determine the proportion of Performance Rights that will vest (subject to the other vesting conditions being met), as set out below:

Relative TSR over the Measurement Period	Proportion of Performance Rights vested
Below the 50 th percentile	0%
At the 50 th percentile	50%
Between the 50 th and the 75 th percentile	Pro-rata between 50% and 100%
Above the 75 th percentile	100%

- (i) After each measurement period, the Board shall promptly determine whether (and, in the case of the Performance Condition, the extent to which) the vesting conditions attaching to the Performance Rights have been met, and shall provide written notice to the holder as to that determination.
- (j) Where a holder (or their nominee) receives notice from the Board that a Performance Right has vested, the Performance Right may be exercised at any time up until 5:00pm (WST) on the date determined by the Board when the Performance Rights vest and notified to the holder (**Last Exercise Date**), subject to any restriction in the Corporations Act from time to time and in any event, no longer than 6 months from the date of grant of the Performance Right, by the delivery to the Company Secretary of:
 - (i) the certificate for the Performance Right or, if the certificate for the Performance Rights has been lost or destroyed, a declaration to that effect, accompanied by an indemnity in favour of the Company against any loss, costs or expenses which might be incurred by the Company as a consequence of its relying on the declaration that the certificate has been lost or destroyed; and
 - (ii) a duly completed and executed notice of exercise of a Performance Right in the form approved by the Board from time to time.
- (k) In the event that a takeover bid (as defined in the Corporations Act) to acquire ordinary shares in the Company becomes unconditional, or a merger by way of scheme of arrangement under the Corporations Act has been approved by the Court, any unvested Performance Rights will vest and become immediately exercisable, regardless of whether or not the employment, engagement or office of the person eligible to receive the Performance Rights is terminated or ceases in connection with such event.
- (l) Unless determined otherwise by the Board a Performance Right lapses on the earlier of:
 - (i) the Board determining that any vesting condition applicable to the Performance Right has not been satisfied, reached or met in accordance with its terms or is not capable of being satisfied, reached or met;
 - (ii) an unauthorised dealing in, or hedging of, the Performance Right;

- (n) All Shares in the Company allotted on the exercise of the Performance Rights will rank equally in all respects with the then existing Shares.
- (o) The Performance Rights are not transferable.
- (p) The Company will not apply to the ASX for quotation of the Performance Rights. The Company will apply for quotation of all Shares in the Company allotted pursuant to the exercise of Performance Rights not later than 10 Business Days after the date of allotment.
- (q) Holders may only participate in new issues of securities to holders of Shares in the Company if the Performance Rights have been exercised and Shares allotted in respect of the Performance Rights before the record date for determining entitlements to the issue. The Company must give to holders at least 7 business days' notice of any new issue before the record date for determining entitlements to the issue in accordance with the ASX Listing Rules.
- (r) If there is a bonus issue (**Bonus Issue**) to the holders of Shares in the Company, the number of Shares over which the Performance Rights are exercisable will be increased by the number of Shares which the holder would have received if the Performance Rights had been exercised before the record date for the Bonus Issue (**Bonus Shares**). The Bonus Shares must be paid up by the Company out of the profits or reserves (as the case may be) in the same manner as was applied in the Bonus Issue and upon issue rank equally in all respects with the other Shares on issue as the date of issue of the Bonus Shares.
- (s) If prior to the Vesting Date, there is a reorganisation of the issued capital of the Company, the Performance Rights are to be treated in the manner set out in the ASX Listing Rules.

SCHEDULE 3 – VALUATION OF PERFORMANCE RIGHTS

9 April 2018

The Directors
Cygnus Gold Limited
Level 3, 20 Parkland Road
OSBORNE PARK WA 6017

Dear Sirs,

At the request of Michael Naylor on behalf of Cygnus Gold Limited (“Cygnus” or “the Company”) on 9 April 2018, Stantons International Securities Pty Ltd hereby sets out our technical valuation for the following performance rights (“Performance Rights”) to be issued to the Managing Director and the other Directors of Cygnus following shareholder approval.

A summary of the terms and conditions of the Related Party Performance Rights to be issued to the Managing Director is set out below:

The Board will grant the Executive Performance Rights (PR’s), subject to shareholder approval, as follows:

- Tranche 1 - 350,000 PR’s with a measurement period 15/1/18 to 15/1/2019
- Tranche 2 - 350,000 PR’s with a measurement period 15/1/18 to 15/1/2020

The granting, vesting and exercising of LTI’s will be governed by a Performance Rights Plan. In summary, vesting will be dependent upon:

- Continued employment at the end of each measurement period
- The Total Shareholder Return (TSR) performance of Cygnus against a peer group
- ‘Gates’ that apply

At the end of the measurement period and provided that the Executive is still employed by the Company at that time, the Company’s performance as defined by relative TSR will be assessed against a peer group of companies approved by the Board.

TSR is a measure of return to shareholders as defined by the percentage change in share price over the measurement period (inclusive of any dividend(s) paid in the same period). Each TSR over the measurement period will be calculated using the 20-day VWAP in the 20-business day period immediately before the start (beginning) and end of each measurement period. In this specific instance, Cygnus’ share price at the start (beginning) of the measurement period will be taken as the IPO price (A\$0.20/share) when calculating TSR. Any Company included in the peer group that was unlisted at the time the measurement period commenced will have its starting/beginning price taken as its IPO price.

Cygnus’ TSR compared to the peer group will determine the proportion of Performance Rights that will vest (subject to the other vesting conditions being met), as set out below:

Relative TSR over the Measurement Period	Proportion of Performance Rights vested
Below the 50 th percentile	0%
At the 50 th percentile	50%
Between the 50 th and the 75 th percentile	Pro-rata between 50% and 100%
Above the 75 th percentile	100%

The following 'Gate' will apply (whereby zero PR's vest in event of either occurring):

- A fatality on a Cygnus tenement (Cygnus personnel or a contractor)

Subject to the vesting criteria being met, the Executive will be entitled to exercise the number of Performance Rights vesting and be issued with a corresponding number of ordinary shares in Cygnus at no cost to the Executive.

For the avoidance of doubt, Performance Rights will vest in the event of a change of control of the Company.

Performance and remuneration shall be reviewed annually with any increase determined by the Company in its discretion.

The grants of the above Performance Rights are subject to the approval of its shareholders in May 2018 and will need to be formally valued following shareholders' approval.

Background information used for the valuation purposes below

Cygnus is an ASX listed company (since 15 January 2018) operating as a junior explorer with an emphasis on gold exploration and evaluation in the Yilgarn area of Western Australia. It has recently entered into a joint venture with Gold Road Resources Limited on its Lake Grace and Wadderin Gold Projects.

Tranche 1 and Tranche 2 - The Performance Rights issued to the Managing Director of the Company

1. The Performance Rights will vest as disclosed above.
2. The number of Performance Rights that will vest into ordinary shares in Cygnus depends upon the above noted TSR Vesting Conditions (Milestones) - market based vesting conditions as disclosed above. The Tranche 1 to 2 Performance Rights will expire as per the various Milestone Determination dates as disclosed above.
3. The Performance Rights are issued for nil consideration and no consideration will be payable upon the vesting of the Performance Rights to ordinary shares in the Company.
4. Further details in respect of the Performance Rights are outlined in the draft Terms and Conditions of Performance Rights supplied to us and the details will be disclosed in the Notice of Meeting of Shareholders to be held in May 2018.
5. In effect, the initial undiscounted value of the Performance Rights is the value of an underlying share in Cygnus at the date of issue of the Performance Rights. For the purpose of this valuation based on date of the issue being 9 April 2018, we have used a price of approximately 20 cents. We note that the shares since listing on 15 January 2018 have a low share price of 20 cents and a high share price of 37.5 cents.

6. The shares in Cygnus closed at 20 cents as traded on ASX on 9 April 2018 and the deemed share price has been set at 20 cents being the IPO share price under the Prospectus to raise public funds for the purposes of an ASX Listing. The start date of the Offer to calculate TSR is 15 January 2018 for both Tranche 1 and Tranche 2 Performance Shares.
7. The valuation noted below is not necessarily the market price that the Performance Rights could be traded at and it is not automatically the market price for taxation purposes. The recipient of these Performance Rights should seek his own tax advice as to the tax treatment of receiving Performance Rights in Cygnus and the value for taxation purposes.
8. It is too early to determine whether the maximum or part of the TSR against peers will be met and thus how many Performance Shares (both Tranches) will convert to ordinary shares.
9. The determination of the probability and therefore discount to apply is somewhat subjective as we cannot predict the future prospects of the Company or the market peer companies. It is noted that the share volatility since listing to 9 April 2018 approximated around 50.87%. This percentage is probably on the low side of volatilities for junior mining exploration companies where volatilities of 50% to 100% are common that may indicate a low percentile. A best estimate by the Directors need to be made as to how many Performance Rights may vest into ordinary shares. It is not uncommon to use a 50% estimate and we have used this percentage to determine the number of Performance Rights that may vest into ordinary shares. We have assumed that the employment condition will be met and that the Gate condition will not come into force.
10. If we used the 50% percentile assumption noted above, 175,000 of the Tranche 1 Performance Rights would vest into ordinary shares and 175,000 of the Tranche 2 Performance Rights would vest into ordinary shares.
11. Using the 20 cent share price as noted above and multiplying 20 cents by 175,000 for each Tranche of Performance Rights, results in a total value of \$35,000 for each Tranche of Performance Rights.
- 12. Thus, the value of 350,000 Tranche 1 Performance Rights equates to \$35,000 or 10 cents per Tranche 1 Performance Right and the value of 350,000 Tranche 2 Performance Rights equates to \$35,000 or 10 cents per Tranche 2 Performance Right.**

If the Directors consider that the number of Tranche 1 and Tranche 2 Performance Rights will be more or less than 50%, then a new calculation will need to be made. If below the 50% percentile, then the Performance Rights values would be nil cents and if between 50% and 75% percentile, then a pro-rata proportion would be applied. For example, if the TSR percentile was considered to be 75%, then 75% of the Performance Rights would vest into ordinary shares (262,500 Tranche 1 Performance Rights would convert to 262,500 ordinary shares and the same would apply to the Tranche 2 Performance Rights). Thus, again using the 20 cent share price, the 350,000 Tranche 1 and 350,000 Tranche 2 Performance Rights would each total \$52,500 and thus the Tranche 1 and Tranche 2 Performance Rights would be valued at approximately 15 cents each. If over the 75% percentile, the value for each class of Performance Rights would be 20 cents.

The same principal and values apply to the 200,000 Performance Rights to be issued to the other Directors of the Company.

An alternative view, is to value the Performance Rights as an "akin" to a share option, and if we used a 20 cent share price, a volatility of 50% (and 100%), a risk free interest rate of 1.90% and used the terms of 1 year (Tranche 1) and 2 years (Tranche 2), the value of a Performance Right would range between 4.10 cents and 7.77 cents for the Tranche 1 Performance Rights and between 5.80 cents and 10.59 cents for the Tranche 2 Performance Rights. However, we believe it is more appropriate to value the performance Rights as not akin to an option.

Should you wish to discuss the above, do not hesitate to contact the undersigned.
Yours faithfully
