Highlights

- Gladiator has appointed Dr Andy Wilde as a Non-Executive Director of the Company.
- Dr Wilde has enjoyed a career in metal exploration and research spanning over 35 years.
- Dr Wilde is an Executive Director of Thunderbird Metals Pty Ltd, the Company's exploration partner.
- Dr Wilde will provide valuable oversight of the Company's exploration programs with particular focus on North Arunta.

Gladiator Resources Ltd (**Company**) is pleased to advise that it has appointed Dr Andy Wilde as a Non-executive Director of the Company, effective immediately.

Dr Wide is currently an Executive-Director of Thunderbird Metals Pty Ltd, which provides exploration services to the Company and access to their highly regarded team of specialists.

The Company welcomes the appointment of Dr Wilde who will provide invaluable exploration oversight with particular focus on the Company's major project, North Arunta.

Andy's career in metal exploration and research has spanned over 35 years. His experience includes senior roles at BHP Minerals, Birimian Resources, Deep Yellow Ltd, Gold Fields and Paladin Energy, working in numerous countries and for various commodities including gold, uranium, lithium base-metals and coal. He is currently exploration manager for Birimian Resources where he is responsible for doubling the resource at the Goulamina lithium project in Mali and also managing Birimian's Malian gold projects.

His academic experience includes teaching of various geoscience courses at Sultan Qaboos University in Oman and leading projects of the co-operative research centre in predictive mineral discovery. He has consulted to the United Nations International Atomic Energy Agency and is an adjunct senior research fellow at the University of Western Australia's Centre for Exploration Targeting.

He is a graduate of the Australian Institute of Company Directors and a former AIG board member (having held the titles of Vice President and Secretary). He is a fellow of the Australian Institute of Geoscientists and of the Society of Economic Geologists as well as a Registered Professional Geoscientist with AIG.
