

ASX RELEASE

21 May 2018

## 4DS renews HGST agreement regarding its Interface Switching ReRAM technology

4DS Memory Limited (ASX:4DS) (**4DS** or the **Company**) today announced that it has agreed to a 12-month renewal of its joint development agreement (**JDA**) (**Agreement**) with HGST, a subsidiary of Western Digital Corporation.

Commenting on the renewal of the JDA, Chief Executive Officer and Managing Director, Dr Guido Arnout said, “We are pleased to have renewed the JDA with HGST, well ahead of the 30 June 2018 deadline for renewal, and look forward to the joint development now entering into its fifth consecutive year”.

### About 4DS

4DS Memory Limited (ASX: 4DS), with facilities located in Silicon Valley, is a semiconductor development company of non-volatile memory technology, pioneering Interface Switching ReRAM (Non-Filamentary ReRAM), for next generation gigabyte Storage Class Memory. Established in 2007, 4DS owns a patented IP portfolio, comprising 19 granted US patents and 4 patents pending, which has been developed in-house to create high density Storage Class Memory. 4DS has a joint development agreement with Western Digital subsidiary HGST, a global storage leader, which accelerates the evolution of 4DS' technology. 4DS also collaborates with imec, the world's #1 independent semiconductor development institute.
