**Uranium ETF Global X completes rebalancing of holding in Berkeley Energia**

Berkeley Energia Limited is pleased to announce that it has been informed by Global X, via its ceasing to be a substantial shareholder notice filed with ASX, that they have completed the rebalancing of their holding in Berkeley by selling ~17 million shares via a private placement.

**Paul Atherley, Managing Director & CEO of Berkeley, said:**

*"We are pleased that the Global X holding has been placed with high quality institutional investors following their renewed interest in the uranium sector."*
