Company update with Calima Energy's Managing Director

Calima Energy Limited (ASX:CE1) ("Calima" or the "Company") is pleased to provide shareholders with details of a Q&A video interview recently conducted with Managing Director, Alan Stein.

Within this video, Mr Stein details:

- What drew Calima to the highly prolific Montney Formation, located in northern British Columbia, Canada and the high level of activity (drilling and production) and expenditure that has occurred in recent years;
- The team that has been assembled to advance activities in the Calima project, and the significant success they have achieved together across several companies; and
- Calima's plans for a maiden oil and gas drilling program at its project in the Montney Formation.

The interview is available on the Company website or by clicking on the link below:

The Company is preparing to drill at the Calima project, which is close to existing infrastructure, including pipelines and processing facilities.

Calima's neighbours in the Montney include international operators Shell, ConocoPhillips and PETRONAS, as well as Canadian producers Black Swan Energy, Saguaro Resources and Painted Pony Energy. The region's liquids-rich hydrocarbon reserves are being targeted for LNG export alongside domestic and international oil market opportunities.
