

ROTOGRO

Market update

28 June 2018

Roto-Gro International Limited (“ASX:RGI”, “RotoGro” or the “Company”) provides the following update on its acquisition of the fertigation assets and ongoing contracts of Hanson’s Water Treatment Inc. (“Hanson”), through RotoGro’s wholly-owned subsidiary, Global Fertigation Solutions Inc. (“GFS”).

RotoGro has completed due diligence and the acquisition is now unconditional and the parties ready to complete. Given the timing, the parties have elected to complete on 2 July 2018.

About Roto-Gro International Limited

Roto-Gro International Limited is an Australian-based company with licensed, proprietary, patented, and patents-pending technology in the stackable rotary hydroponic garden space. RotoGro holds worldwide exclusive licenses for lawful medicinal and recreational cannabis markets and holds worldwide non-exclusive licences for all other purposes including pharmaceuticals, nutraceuticals and perishable foods.

RotoGro’s wholly-owned subsidiary, Global Fertigation Solutions Inc. (“GFS”), provides a patent-pending specialized business line for water treatment and nutrient management in the viticulture, perishable foods and lawful cannabis space. GFS has successfully provided design solutions, installations and ongoing service contracts for more than twelve (12) licensed lawful cannabis facilities in the State of Nevada, USA and is embarking on expanding this offering globally.

The Company continues its focus on expanding into industry synergistic opportunities; exploring strategic partnerships and complimentary acquisitions in related markets which include, lawful cannabis license ownership, growing management services, industry leading nutrients, emerging tissue culture expertise and other supporting faculties of hydroponic growing.
