ASX Release – 2 July 2018

Capital Management Initiatives - Update

Centennial Mining Limited (ASX: CTL) (**Centennial** or the **Company**) advises that it has been granted an extension of time for repayment of Convertible Notes and associated final interest payments.

Over the past few months Centennial has been in discussions with various parties concerning funding arrangements to repay or replace the Convertible Notes and provide working capital for the Company.

These discussions have not yet resulted in a commercial outcome and as such Centennial has recently been in discussions with Squadron Resources Pty Ltd (**Squadron**), as Noteholder Representative, to seek further time to restructure its finances.

The Maturity Date has been extended to close of business on 4 July 2018, by which time the Company expects to be in a position to provide an update on the negotiated re-financing proposals.

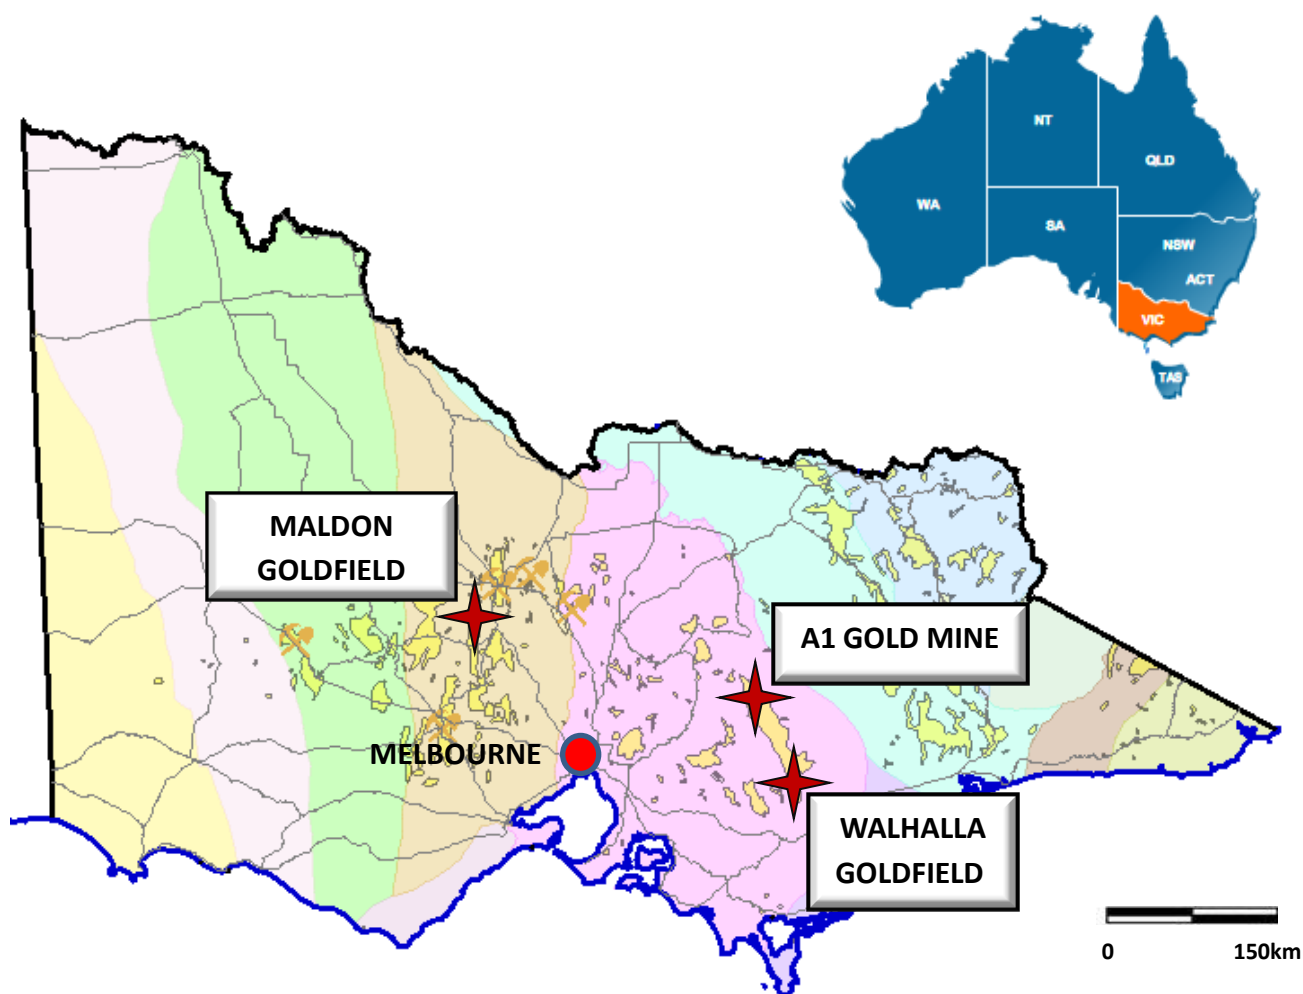

Further updates on the capital management initiatives will be provided as they develop. The securities of Centennial will remain suspended until further notice.

About the Company

Centennial Mining Limited is an emerging Victorian gold producer that is developing and producing from the A1 Gold Mine near Woods Point, Victoria. Ore mined from the A1 Gold Mine is trucked to the Company's fully permitted and operational processing facility at Porcupine Flat, near Maldon.

The Company also owns the Union Hill Underground Mine at Maldon, which is presently being developed, and has entered into an agreement to acquire the Eureka and Tubal Cain deposits¹ near Walhalla.

Location of Projects

Note 1. Refer to Orion Gold NL (ASX: ORN) ASX Announcements dated 11 August 2015 and 30 December 2015. The acquisition of the Licence by the Company is subject to the grant of consents required under the Mineral Resources (Sustainable Development) Act and the terms of the Agreement.
