Property

The construction has commenced for the first Stage of 19 blocks .

Royalty -Deflector 1%

The following comment was released by Doray

In the 2019 financial year Doray expect to achieve record gold production at Deflector,producing approximately 80,000-85,000 ounces at an all in sustaining cost (AISC)1 of \$1,050 - \$1,150 per ounce. This forecast production is materially higher than was contemplated in the current life-of-mine plan and does not contain any potential additional production that may be sourced from the Da Vinci discovery, currently under evaluation.

Corporate

The cash position at the end of December 2017 was \$2.8 million.
