About Raiden Resources

Raiden Resources Limited (ASX:RDN) is an ASX listed copper—gold focused exploration company targeting the emerging prolific Tethyan metallogenic belt in eastern Europe, primarily in Serbia. The Company has recently formed an unincorporated Joint Venture Agreement with Rio Tinto in respect to two of its six projects (Majdanpek West, Majdanpek Pojas and Donje Nevlje), whereby Rio Tinto can earn a 75% project-level position in the properties via a staged exploration commitment totalling USD\$31.5 million in three stages at Rio Tinto's election.

Raiden also retains a 100% in the applications for Pirot, Bor and Zupa (transfer in progress) projects and an executed earn in agreement on the Stara Planina Project, where it has the option to earn into 100% of the project. The Company considers its project portfolio prospective for intrusion-related mineralisation styles including gold, copper and other base metals
