<sup>1</sup> Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

## CORPORATE GOVERNANCE STATEMENT PACIFIC BAUXITE LIMITED (THE GROUP)

#### **STATEMENT**

This Corporate Governance Statement is current as of 21 September 2018 and approved by the Board of Directors on that date.

Pacific Bauxite Limited (**Pacific Bauxite or Group**) has adopted comprehensive systems of control and accountability as the basis for the administration of corporate governance. The Group's Board is committed to administering the policies and procedures with openness and integrity, and pursuing the true spirit of corporate governance commensurate with the Group's needs. To the extent they are applicable, Pacific Bauxite has adopted the eight recommendations set by the Australian Securities Exchange Corporate Governance Council (**ASX**) in its publication Corporate Governance Principles and Recommendations (3rd Edition) (**Recommendations**). Where, after due consideration, the Group's corporate governance practices depart from the Recommendations, the Board has offered full disclosure of the nature of, and reason for, the adoption of its own practice.

As the Group's activities develop in size, nature and scope, the Board's implementation of additional corporate governance structures will be given further consideration.

Pacific Bauxite's website (www.pacificbauxite.com.au) includes further information about the Group's corporate governance practices. In accordance with the recommendation of the ASX, some information about the Group is published on the website.

Key corporate governance issues are outlined below, followed by explanations of areas where the Group's policy differs from recommended practice.

#### **Board Composition**

The skills, experience and expertise relevant to the position of each Director who is in office at the date of the financial report and their term of office are detailed in the Directors' Report to the Pacific Bauxite Ltd 2018 Annual Report lodged.

#### **Corporate Reporting**

The Directors have made the following certifications to the Board:

- that Pacific Bauxite's financial reports are complete and present a true and fair view, in all material respects, of the financial condition and operational results of the Group and are in accordance with relevant accounting standards; and
- that the above statement is founded on a sound system of risk management and internal
  compliance and control which implements the policies adopted by the Board and that the
  Group's risk management and internal compliance and control is operating efficiently and
  effectively in all material respects.

#### **Code of Conduct**

The Group has developed a Code of Conduct (**Code**), which has been fully endorsed by the Board and applies to all Directors and employees. The Code is regularly reviewed and updated as necessary to ensure it reflects the highest standards of behaviour and professionalism and the practices necessary to maintain confidence in the Group's integrity.

In summary, the Code requires that at all times all Pacific Bauxite personnel act with the utmost integrity, objectivity, in the best interests of the Group and in compliance with the letter and the spirit of the law and the Group's policies.

Any breaches of the Code are reported to the Chairman in the first instance for notification to the Board.

The Directors are satisfied that the Group has complied with its policies on ethical standards, including trading in securities.

#### Continuous Disclosure and Shareholder Communication

Pacific Bauxite has a policy that information concerning the Group that a reasonable person would expect to have a material effect on the price of it's securities is continuously disclosed as required under the ASX Listing Rules.

The Group encourages communication with shareholders and the attendance and effective participation by shareholders at general meetings.

The Chairman and Company Secretary, in conjunction with the other Board members, have been nominated as the people responsible for communications with the ASX. This role includes responsibility for ensuring compliance with the continuous disclosure requirements of the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX, analysts, brokers, shareholders, the media and the public.

All information disclosed to ASX is posted on the Group's website as soon as it is disclosed to the ASX.

Annual and half yearly reports are made available on Pacific Bauxite's website and mailed to those shareholders who request a hard copy.

#### **Independent Advice**

There is no formal policy or procedure regarding the taking of professional advice by the independent Directors. However, no restrictions are placed on them taking advice on matters arising from their roles as independent Directors of Pacific Bauxite, or the reimbursement of the costs incurred by the Group.

#### **Independence of Board Members**

The determination by the Board as to whether individual Directors are independent is a matter of judgment. In making this determination, the Board has followed the guidance in Box 2.3 of the Recommendations. The Board considers that the relationships the independent Directors have with the Group do not materially impact on their independence. In determining the materiality of these relationships, the Board has considered both quantitative and qualitative factors. In determining the quantitative factors the Board considers that a relationship is immaterial where it is equal to or less than 5% of the base amount. In applying this level of materiality to the relationship of the independent Directors, in the case of shareholders and suppliers, the Board considers that the independent Directors' interest is less than 5% of the base amount. In respect to the qualitative measures the Board has considered the factors affecting the independent Directors' relationship with the Group and considers these qualitative factors to be immaterial in the assessment of their independence.

Mr. Smith, a Non-Executive Director, is considered by the Board to be an independent Director.

Ms. Coppin, a Non-Executive Director, is considered by the Board to be an independent Director.

Mr. Ciganek, a Non-Executive Director, is considered by the Board to be an independent Director.

Mr. Lewis, a Non-Executive Director, is considered by the Board to be an independent Director.

#### **Trading Policy**

The Group's policy regarding Directors and employees trading in its securities is set by the Board of Directors. The policy restricts Directors and employees from acting on material information until it has been released to the market and adequate time has been given for this to be reflected in the security's prices.

#### **Remuneration Policy**

The Group's remuneration policy was developed by and approved by the Board. All executives receive a salary and statutory superannuation where applicable.

The Group occasionally participates in share-based remuneration for its Directors and management and also employees and consultants. The terms of the shares and options issued to Directors, employees and consultants are based on what similar sized companies in the mining industry are offering. All shares and options to be issued to Directors require shareholder approval before being issued.

The amount of remuneration paid to all Directors, including monetary and non-monetary components, is detailed in the Directors' Report of the 2018 Pacific Bauxite Ltd Annual Report under the "Key Management Personnel Remuneration" heading. All remuneration paid to executives is valued at the cost to the Group and expensed. Shares given to executives are valued as the difference in the market value of those shares and the amount paid by the executive. Options given to executives are valued using the Black-Scholes methodology.

YES	A copy of the Continuous Disclosure Policy is available on the Group's website. The Board receives regular reports on the status of the Group's activities and any new proposed activities from the CEO and other key personnel.

YES	Due to the early stage of development and small size of the Group, a remuneration committee was not considered to add any efficiency to the process of determining the levels of remuneration for the Directors and key executives. The Board considers that it is more appropriate to set aside time at Board meetings to specifically address matters that would ordinarily fall to a remuneration committee. In addition, all matters of remuneration will continue to be in accordance with Corporations Act requirements, especially with respect to related party transactions. That is, none of the Directors participate in any deliberations regarding their own remuneration or related issues.
