

ORCODA LIMITED

This Corporate Governance Statement (**Statement**) outlines the main corporate governance practices currently in place for Orcoda Limited (**Company** or **Orcoda**) and addresses the 3rd Edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**ASX Recommendations**). The corporate governance policies and practices described below are those that have been in place for the 2017-18 financial year, or as at the date of this Statement where indicated. The Board continues to review the governance framework and practices of the Company to ensure they meet the interests of shareholders.

Principle 1: Lay solid foundations for management and oversight

(a) Role of the Board

The Board is committed to effectively representing and promoting the Company, and thereby adding long-term value to all shareholders. The board is accountable to shareholders for the management of the Company's business and affairs and as such is responsible for the overall strategy, governance and performance of the Company. To clarify the roles and responsibilities of directors and management and to assist the Board in discharging its responsibilities, the Company has established a governance framework at 1(b) below, which sets out the functions reserved to the Board and provides for the delegation of functions to Board Committees and to senior management.

The Board operates under a formal charter, which can be found on the Company's website.

(c) Board committees

The ultimate responsibility for the oversight of the operations of the Company rests with the Board. However, the Board may discharge any of its responsibilities through committees of the Board in accordance with the Constitution and the *Corporations Act 2001* (Cth) (**Corporations Act**).

The Board has established the following standing Board Committees, which assist it with the execution of its responsibilities. The composition and effectiveness of the committees are reviewed on an annual basis:

- Audit, Risk and Finance Committee; and
- Remuneration and Nomination Committee

Each of these committees operate in accordance with specific charters approved by the Board which can be found on the Company's website.

(d) The Company Secretary

The Company Secretary acts as secretary of the Board, attending all meetings of the Board and its committees. The Company Secretary is accountable to the Board through the chairperson on all corporate governance matters and the proper functioning of the Board.

(e) Diversity

In appointing members to the Board, consideration is given to the skills, business experience and educational backgrounds of candidates. The advantage of having a mix of relevant business, executive and professional experience on the Board; the importance of cultural and ethical values; and the benefits of diversity, including gender diversity is also recognised. These factors will also be considered in any future appointments to the Board including any identified skills 'gaps'.

A formal Diversity Policy has been adopted by the Board that outlines the Group's commitment to diversity in the workplace and the provision of a work environment that is free from discrimination and promotes equal opportunity for all. Orcoda promotes an inclusive workplace where employee differences in areas like gender, age, culture, disability and lifestyle choice are valued.

The policy does not include measurable objectives for achieving gender diversity. Due to the current size of the organisation and stage of business maturity, this is deemed not necessary at this point in time. In addition, the Group has always had a policy of actively encouraging gender diversity at all levels in the organisation, and a culture that supports workplace diversity. This is evidenced by:

- The proportion of female directors: 25%
- The proportion of female employees in the whole organisation: 33%
- The proportion of female employees in senior positions: 0%

The Board may consider establishing measurable objectives for achieving gender diversity at later date.

(f) Board and director performance

The Board is committed to enhancing its effectiveness through performance management and review. The Board and Committee review process is designed to help enhance performance by providing a mechanism to raise and resolve issues and to provide recommendations to enhance its effectiveness.

The existing Board and Committee review process involves each director completing a confidential questionnaire covering the role, composition, processes and the carrying out of its responsibilities. The results of the questionnaire and an analysis of these results are then reported to the Board by the company secretary.

The Board conducted a performance review in during the year in accordance with the process outlined above. A review of the performance of the Committees was not undertaken during the year due to recent Board and management changes. It is envisaged that a performance review will be undertaken in FY18 of the Board and the Committees.

(g) Senior Executives

The Board delegates the responsibility for the day-to-day management of the Company and implementation of the strategic plan to the Managing Director (**MD**), who is assisted by the senior executives who report to him.

The MD consults with the Chairman on any matters, which the MD considers, are of such a sensitive, extraordinary or strategic nature as to warrant the attention of the Board, regardless of value. The authorisation thresholds for the control of expenditure and capital commitments are established and defined in the Company's Delegations and Authorities Policy, which are set to optimise the function and decision-making of the executive as the Company continues to grow and expand, whilst maintaining appropriate oversight by the Board.

Subject to these policy limits and the directions of the Audit, Risk and Finance Committee, the MD may sub-delegate the day-to-day running of the Company to the senior executive team. The exercise of delegated authority is restricted to specific organisational functions and roles.

The Delegations and Authorities Policy details the delegated thresholds for various types of commitment and individual positions, as well as the authorisation processes that are required to be followed.

All senior executives are appointed to their positions after a rigorous recruitment process. Each member of the senior executive team, including the executive directors, are employed pursuant to employment contracts, covering a range of matters including their duties, rights, responsibilities and any entitlements on termination. Each contract refers to a specific formal job description. Each contract sets out the remuneration of the executive, including their entitlements to any rights under incentive plans.

(h) Performance of Senior Executives

The evaluation for all executives is based on specific criteria, including the business performance of the Company, whether strategic objectives are being achieved, and the development of management and personnel.

The MD's performance is formally assessed on an annual basis by the Board. All key performance indicators (**KPIs**) are carefully considered by the Remuneration and Nomination Committee, which evaluates the MD's performance and makes recommendations to the Board.

An annual assessment of the performance of all other senior executives is undertaken by the Board on the basis of recommendations by the MD, who conducts performance reviews in relation to each senior executive.

A performance evaluation for all senior executives, including the MD, was undertaken in the reporting period in accordance with the process disclosed above.

Further information on directors' and executives' remuneration, including principles used to determine remuneration, is set out in the Annual Report under the heading 'Remuneration Report'.

Principle 2: Structure the board to add value
