11. INDEMNITY AND INSURANCE OF OFFICERS

The Company has indemnified the Directors and executives of the Company for costs incurred, in their capacity as a Director or executive, for which they may be held personally liable, except where there is a lack of good faith.

During the financial year, the consolidated entity paid a premium in respect of a contract to insure the Directors and executives of the Company against a liability to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of entities in the Consolidated entity, and any other payments arising from liabilities incurred by the officers in connection with such proceedings. This does not include such liabilities that arise from conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage for themselves or someone else or to cause detriment to the Consolidated entity. It is not possible to apportion the premium between amounts relating to the insurance against legal costs and those relating to other liabilities.

Indemnity and insurance of auditor

The Company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the Company or any related entity against a liability incurred by the auditor.

During the financial year, the Company has not paid a premium in respect of a contract to insure the auditor of the Company or any related entity.

12. SHARES UNDER OPTIONS

At the date of this report there are nil options of Vysarn Limited.

13. PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

14. NON-AUDIT SERVICE

During the year, Pitcher Partners BA&A Pty Ltd consented to and was appointed as the Company's auditors.

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company are important. There were no non-audit services provided during the financial year by the auditor.

In the event that non-audit services are provided by Pitcher Partners, the Board has established certain procedures to ensure that the provision of non-audit services are compatible with, and do not compromise, the auditor independence requirement of the *Corporation Act 2001*. These procedures include:

- Non-audit services will be subject to the corporate governance procedures adopted by the Company and will be reviewed by the Board to ensure they do not impact the integrity and objectivity of the auditor; and
- Ensuring non-audit services do not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as advocate for the Company or jointly sharing risks and rewards.

15. AUDITOR'S INDEPENDENCE DECLARATION

The auditor's independence declaration as required under section 307C of the *Corporations Act 2001 (Cth)* for the year ended 30 June 2018 has been received and can be found on page 12 of the Annual Report.

16. ROUNDING OF AMOUNTS

In accordance with ASIC Corporations (Rounding in Financial/Director's Reports) Instrument 2016/191, the amounts in the Directors' report and in the financial report have been rounded to the nearest \$1 (where rounding is applicable), under the option available to the Company under ASIC Corporation.

REMUNERATION REPORT (AUDITED)

The remuneration report for the year ended 30 June 2018 outlines the remuneration arrangement of the Company in accordance with the requirements of the *Corporations Act 2001 (Cth)*, as amended (the Act) and its regulations. This information has been audited, as required by section 308(3C) of the Act.

The remuneration report is set out under the following main headings:

1. Introduction
2. Remuneration governance
3. Executive remuneration arrangement
4. Non-Executive Director fee arrangement
5. Details of the remuneration
6. Share-based compensation
7. Loans to Directors and executives
8. Other transactions and balance with KMP and their related parties

Details of the nature and amount of each element of the remuneration of each of the Key Management Personnel ("KMP") of the Company (the Directors and executive) for the year ended 30 June 2018 are set out in the following tables:

There were no cash bonuses paid during the year and there are no set performance criteria for achieving cash bonuses.

Name	Status	Appointed
Peter Hutchinson	Chairman	Appointed 27 October 2017
Faldi Ismail	Non-Executive Director	Appointed 20 December 2016
Nicholas Young	Non-Executive Director	Appointed 20 December 2016
Bryn Hardcastle	Non-Executive Director	Appointed 20 December 2016 Resigned 27 October 2017

1. Introduction

KMP have authority and responsibility for planning, directing and controlling the major activities of the Group. KMP comprise the Directors of the Company.

Compensation levels for KMP are competitively set to attract and retain appropriately qualified and experienced Director and executives. The Board may seek independent advice on the appropriateness of compensation packages, given trend in comparative companies both locally and internationally and objectives of the Company's compensation strategy.

Principles used to determine the nature and amount of remuneration

The objective of the consolidated entity's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with the achievement of strategic objectives and the creation of value for shareholders, and it is considered to conform to the market best practice for the delivery of reward. The Board of Directors ('the Board') ensures that executive reward satisfies the following key criteria for good reward governance practices:

- Competitiveness and reasonableness
- Acceptability to shareholders
- Performance linkage/alignment of executive compensation;
- Transparency; and
- Capital management

DIRECTORS' REPORT

REMUNERATION REPORT (AUDITED) (CONTINUED)

The Board is responsible for determining and reviewing remuneration arrangements for its Directors and executives. The performance of the consolidated entity depends on the quality of its Directors and executives. The remuneration philosophy is to attract, motivate and retain high performance and high quality personnel.

The consolidated entity has structured an executive remuneration framework that is market competitive and complimentary to the reward strategy of the organisation.

The reward framework is designed to align executive reward to shareholders' interests. The Board have considered that it should seek to enhance shareholders' interests by:

- Focuses on exploration success as the creation of shareholder value and returns;
- Focuses on sustained growth in shareholder wealth, consisting of dividends and growth in share price, and Delivering constant return on assets as well as focusing the executive on key non-financial drivers of value; and
- Attracting and retaining high caliber executives.

Additionally, the reward framework should seek to enhance executives' interests by:

- Rewards capability and experience;
- Reflects competitive reward for contribution to growth in shareholder wealth;
- Provides a clear structure for earning rewards; and
- Provides recognition for contribution.

2. Remuneration governance

The Directors believe the Company is not currently of a size nor are its affairs of such complexity as to warrant the establishment of a separate remuneration committee. Accordingly, all remuneration matters are considered by the full Board of Directors, in accordance with a remuneration committee charter.

During the financial year, the Company did not engage any remuneration consultants.

3. Executive remuneration arrangements

The compensation structures are designed to attract suitably qualified candidates, reward the achievement of strategic objectives, and achieve the broader outcome of creation of value for shareholders. Compensation packages may include a mix of fixed compensation, equity-based compensation, as well as employer contributions to superannuation funds. Shares and options may only be issued to Directors subject to approval by shareholders in a general meeting.

At this stage the Board does not consider the Group's earnings or earnings related measures to be an appropriate key performance indicator (KPI). In considering the relationship between the Group's remuneration policy and the consequences for the Company's shareholder wealth, changes in share price are analysed as well as measures such as successful completion of business development and corporate activities.

When required the Company will formalise remuneration arrangements with executives in employment agreements.

4. Non-Executive Director fee arrangement

Fees and payments to non-executive Directors reflect the demands and responsibilities of their role. Non-executive Directors' fees and payments are reviewed annually by the Board. The Board may, from time to time, receive advice from independent remuneration consultants to ensure non-executive Directors' fees and payments are appropriate and in line with the market. The chairman's fees are determined independently to the fees of other non-executive Directors based on comparative roles in the external market. The chairman is not present at any discussions relating to the determination of his own remuneration. Non-executive Directors do not receive share options or other incentives. Refer to point **5. Details of Remuneration** for financial year 2018, payment was for director fees to 31 October 2017. Directors fee payment was suspended from 1 November 2017.

REMUNERATION REPORT (AUDITED) (CONTINUED)

4. Non-Executive Director fee arrangement

ASX listing rules require the aggregate non-executive Director's remuneration be determined periodically by a general meeting. The most recent determination was at the Annual General Meeting held on 29 November 2010, where the shareholders approved an aggregate remuneration of \$200,000.

Performance Conditions Linked to remuneration

Remuneration for certain individuals is directly linked to the performance of the consolidated entity. A portion of cash bonus and incentive payments are dependent on defined earnings per share targets being met. The remaining portion of the cash bonus and incentive payments are at the discretion of the Nomination and Remuneration Committee.

The Nomination and Remuneration Committee is of the opinion that the continued improved results can be attributed in part to the adoption of performance based compensation and is satisfied that this improvement will continue to increase shareholder wealth if maintained over the coming years.

Voting and comments made at the company's 2017 Annual General Meeting ('AGM')

Vysarn Limited (formerly MHM Metals Limited) received more than 98.18% of "yes" votes on its remuneration report for the 2017 financial year. The Company did not receive any specific feedback at the AGM or throughout the year on its remuneration practices.

ANNUAL FINANCIAL REPORT 30 JUNE 2018

CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 1: GENERAL INFORMATION

The financial statements cover Vysarn Limited as a consolidated entity consisting of Vysarn Limited and the entities it controlled at the end of, or during, the year. The financial statements are presented in Australian dollars, which is Vysarn Limited's functional and presentation currency.

Vysarn Limited is a listed public Company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is 108 Outram Street, West Perth, WA, 6005.

A description of the nature of the consolidated entity's operations and its principal activities are included in the Directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 27 September 2018. The Directors have the power to amend and reissue the financial statements.

The annual financial report was issued by the board of Directors on 27 September 2018 by the Directors of the Company.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Statement of Compliance

These financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards ("AASBs") (including Australian interpretations) adopted by the Australian Accounting Standard Board ("AASB") and the *Corporations Act 2001*. The financial statements have been prepared on an accruals basis and are based on historical costs. All amounts are presented in Australian dollars unless otherwise stated.

b) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of available-for-sale financial assets, financial assets and liabilities at fair value through profit or loss, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Parent entity information

In accordance with the *Corporations Act 2001*, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in Note 20.

c) Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Vysarn Limited ('Company' or 'parent entity') as at 30 June 2018 and the results of all subsidiaries for the year then ended. Vysarn Limited and its subsidiaries together are referred to in these financial statements as the 'consolidated entity'.

ANNUAL FINANCIAL REPORT 30 JUNE 2018

CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

c) Principles of consolidation (continued)

Subsidiaries are all those entities over which the consolidated entity has control. The consolidated entity controls an entity when the consolidated entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the consolidated entity. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the consolidated entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the consolidated entity.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Where the consolidated entity loses control over a subsidiary, it derecognises the assets including goodwill, liabilities and non-controlling interest in the subsidiary together with any cumulative translation differences recognised in equity. The consolidated entity recognises the fair value of the consideration received and the fair value of any investment retained together with any gain or loss in profit or loss.

d) Foreign currency translation

The financial statements are presented in Australian dollars, which is Vysarn Limited's functional and presentation currency.

Foreign currency transactions

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at financial year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Foreign operations

The assets and liabilities of foreign operations are translated into Australian dollars using the exchange rates at the reporting date. The revenues and expenses of foreign operations are translated into Australian dollars using the average exchange rates, which approximate the rates at the dates of the transactions, for the period. All resulting foreign exchange differences are recognised in other comprehensive income through the foreign currency reserve in equity.

The foreign currency reserve is recognised in profit or loss when the foreign operation or net investment is disposed of.

e) Revenue recognition

Revenue is recognised when it is probable that the economic benefit will flow to the consolidated entity and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

f) Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to be applied when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted, except for:

- When the deferred income tax asset or liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting nor taxable profits; or
- When the taxable temporary difference is associated with interests in subsidiaries, associates or joint ventures, and the timing of the reversal can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed at each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entities which intend to settle simultaneously.

g) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

h) Current assets held for sale and discontinued operations

The consolidated entity classifies current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Such current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell or to distribute. Costs to distribute are the incremental costs directly attributable to the distribution, excluding the finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate distribution in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the distribution will be made or that the sale will be withdrawn. Management must be committed to the distribution expected within one year from the date of the classification.

Property, plant and equipment and intangible assets are not depreciated or amortised once classified as held for sale.

CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

h) Current assets held for sale and discontinued operations (continued)

Assets and liabilities classified as held for sale are presented separately as current items in the statement of financial position. A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations;
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit or loss. Additional disclosures are provided in Note 7. All other notes to the financial statements include amounts for continuing operations, unless otherwise mentioned.

i) Investments and other financial assets

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. They are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on the purpose of the acquisition and subsequent reclassification to other categories is restricted.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets, principally equity securities, that are either designated as available-for-sale or not classified as any other category. After initial recognition, fair value movements are recognised in other comprehensive income through the available-for-sale reserve in equity. Cumulative gain or loss previously reported in the available-for-sale reserve is recognised in profit or loss when the asset is derecognised or impaired.

Impairment of financial assets

The consolidated entity assesses at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets is impaired. Objective evidence includes significant financial difficulty of the issuer or obligor; a breach of contract such as default or delinquency in payments; the lender granting to a borrower concessions due to economic or legal reasons that the lender would not otherwise do; it becomes probable that the borrower will enter bankruptcy or other financial reorganisation; the disappearance of an active market for the financial asset; or observable data indicating that there is a measurable decrease in estimated future cash flows.

Available-for-sale financial assets are considered impaired when there has been a significant or prolonged decline in value below initial cost. Subsequent increments in value are recognised in other comprehensive income through the available-for-sale reserve.

j) Impairment of non-financial assets

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

k) Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

l) Research and Development Incentive refund

To the extent the consolidated entity incurs eligible expenditure, annual R&D claims will continue to be made. Claims are submitted based on expenditure incurred during the year and independently verified for eligibility. The accounting policy adopted by the consolidated entity is to recognise the claims once reviewed by an independent expert and submitted to the ATO. During the year, the Company received \$406,958 R&D tax incentive refund.

m) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2017. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

AASB 9 Financial Instruments

This standard is applicable to annual reporting periods beginning on or after 1 January 2018. The standard replaces all previous versions of AASB 9 and completes the project to replace IAS 39 'Financial Instruments: Recognition and Measurement'. AASB 9 introduces new classification and measurement models for financial assets. A financial asset shall be measured at amortised cost, if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows, which arise on specified dates and solely principal and interest. All other financial instrument assets are to be classified and measured at fair value through profit or loss unless the entity makes an irrevocable election on initial recognition to present gains and losses on equity instruments (that are not held-for-trading) in other comprehensive income ('OCI'). For financial liabilities, the standard requires the portion of the change in fair value that relates to the entity's own credit risk to be presented in OCI (unless it would create an accounting mismatch). New simpler hedge accounting requirements are intended to more closely align the accounting treatment with the risk management activities of the entity. New impairment requirements will use an 'expected credit loss' ('ECL') model to recognise an allowance. Impairment will be measured under a 12-month ECL method unless the credit risk on a financial instrument has increased significantly since initial recognition in which case the lifetime ECL method is adopted. The standard introduces additional new disclosures. The consolidated entity does not hold complex financial instruments. The classification of its financial instruments will not change under the new accounting standard. Therefore, management does not expect the adoption of this accounting standard will have a material impact on the consolidated entity's financial performance.

m) New Accounting Standards and Interpretations not yet mandatory or early adopted (continued)

AASB 15 Revenue from Contracts with Customers

This standard is applicable to annual reporting periods beginning on or after 1 January 2018. The standard provides a single standard for revenue recognition. The core principle of the standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard will require: contracts (either written, verbal or implied) to be identified, together with the separate performance obligations within the contract; determine the transaction price, adjusted for the time value of money excluding credit risk; allocation of the transaction price to the separate performance obligations on a basis of relative stand-alone selling price of each distinct good or service, or estimation approach if no distinct observable prices exist; and recognition of revenue when each performance obligation is satisfied. Credit risk will be presented separately as an expense rather than adjusted to revenue. For goods, the performance obligation would be satisfied when the customer obtains control of the goods. For services, the performance obligation is satisfied when the service has been provided, typically for promises to transfer services to customers. For performance obligations satisfied over time, an entity would select an appropriate measure of progress to determine how much revenue should be recognised as the performance obligation is satisfied. Contracts with customers will be presented in an entity's statement of financial position as a contract liability, a contract asset, or a receivable, depending on the relationship between the entity's performance and the customer's payment. Sufficient quantitative and qualitative disclosure is required to enable users to understand the contracts with customers; the significant judgements made in applying the guidance to those contracts; and any assets recognised from the costs to obtain or fulfil a contract with a customer. Management does not expect the adoption of this accounting standard will have a material impact on the consolidated entity's financial performance.

NOTE 3: CRITICAL ACCOUNTING JUDGEMENT, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) are discussed below.

Discontinued operations and non-cash distribution

On 20 February 2014, the consolidated entity announced that Alcoa Inc, the Company's main supplier of feedstock for its salt slag business, had announced its intention to permanently close its two rolling mills at Port Henry, Victoria and Yennora, New South Wales by the end of 2014. The Company through its wholly owned subsidiary, Alreco Pty Ltd, received its last supply of material from Alcoa on 31 March 2015 and since that time has been focused on progressing legacy stockpiles and the remediation of its Moolap plant. As at 30 September 2015, the consolidated entity ceased all commercial operations at its Moolap plant and the Board considered the subsidiary to meet the criteria to be classified as held for sale at that date. For more details on the discontinued operation, refer to Note 7.

NOTE 4: OPERATING SEGMENTS

Identification of reportable operating segments

The consolidated entity does not have any reportable operating segments following the wind down of its wholly owned subsidiaries activities last financial year. Internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources are prepared on the consolidated entity as a whole.

Accounting policy for operating segments

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Makers ('CODM'). The CODM is responsible for the allocation of resources to operating segments and assessing their performance.

CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 7: DISCONTINUED OPERATIONS

Description

On 20 February 2014, the consolidated entity announced that Alcoa Inc, the Company's then main supplier of feedstock for its salt slag processing business, had announced its intention to permanently close its two rolling mills at Port Henry, Victoria and Yennora, New South Wales by the end of 2014. The Company, through its then wholly owned subsidiary, Alreco Pty Ltd, received its last supply of material from Alcoa on 31 March 2015 and since that time has been focused on progressing legacy stockpiles and the remediation of its Moolap plant.

As at 30 September 2015, the consolidated entity ceased all commercial operations at its Moolap plant. Post the operational closure of the Moolap facilities, the Company's focus in Moolap region remained the clean-up of its local platform in the most cost effective and environmentally sensitive manner.

NOTE 10: EARNINGS PER SHARE (CONTINUED)

Accounting policy for earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of Vysarn Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

NOTE 16: EQUITY - ISSUED CAPITAL (CONTINUED)

Capital risk management

The consolidated entity's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

Capital is regarded as total equity as recognised in the statement of financial position.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets.

Accounting policy for issued capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

NOTE 18: FINANCIAL INSTRUMENTS

Financial risk management objectives

The consolidated entity's activities expose it to a variety of financial risks: market risk (including foreign currency risk, price risk and interest rate risk), credit risk and liquidity risk. The consolidated entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the consolidated entity. The consolidated entity uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate, foreign exchange and other price risks, ageing analysis for credit risk and beta analysis in respect of investment portfolios to determine market risk.

NOTE 18: FINANCIAL INSTRUMENTS (CONTINUED)

Market risk

Foreign currency risk

The consolidated entity undertakes certain transactions denominated in foreign currency and is exposed to foreign currency risk through foreign exchange rate fluctuations. Exchange rate exposures are managed within approved policy parameters. The Company manages the currency risk by monitoring the trend of the US dollar and Euro.

Foreign exchange risk arises from future commercial transactions and recognised financial assets and financial liabilities denominated in a currency that is not the entity's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting.

During the year ended 30 June 2018, the parent disposed of its 100% interests in, MHM Corporation USA LLC and transferred the assets held in US dollar under MHM Corporation USA LLC of A\$962,668 into Vysarn Limited bank account in Australia. As a result, the US balance on the account was US\$ Nil. The Euro balance on the account was €Nil. There were no other liabilities denominated in foreign currencies at the year end.

The carrying amount of the consolidated entity's foreign currency denominated financial assets and financial liabilities at the reporting date were as follows:

	Assets		Liabilities

		(88,396)	(88,396)		88,396	88,396

Price risk

The consolidated entity is not exposed to any significant price risk.

Interest rate risk

The consolidated entity's only exposure to interest rate risk is in relation to deposits held. Deposits are held with reputable banking financial institutions.

The table below illustrate the impact on profit before tax based upon expected volatility of interest rates using market date and analysis forecasts.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the consolidated entity. The consolidated entity has a strict code of credit, including obtaining agency credit information, confirming references and setting appropriate credit limits. The maximum exposure to credit risk at the reporting date to recognised financial assets is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements. The consolidated entity does not hold any collateral.

Liquidity risk

Liquidity risks arises from the possibility that the Company might encounter difficulty in settling its debts or otherwise meeting its obligation related to financial liabilities. Vigilant liquidity risk management requires the consolidated entity to maintain sufficient liquid assets (mainly cash and cash equivalents) to be able to pay debts as and when they become due and payable.

The consolidated entity manages liquidity risk by maintaining adequate cash reserves and continuously monitoring actual and forecast cash flows.

Remaining contractual maturities

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

Fair value of financial instruments

Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value. The carrying amounts of trade receivables and trade payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial instruments.

- (a) giving a true and fair view of the Group’s financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants* “the Code” that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the Directors of the Group, would be in the same terms if given to the Directors as at the time of this auditor’s report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report, which was obtained as at the date of our audit report, and any additional other information included in the Group's annual report for the year ended 30 June 2018, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information above and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors of the Group are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
VYSARN LIMITED AND ITS CONTROLLED ENTITIES

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
VYSARN LIMITED AND ITS CONTROLLED ENTITIES**

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

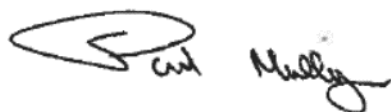

Opinion on the Remuneration Report

We have audited the Remuneration Report included in the Directors' report for the year ended 30 June 2018. In our opinion, the Remuneration Report of Vysarn Limited, for the year ended 30 June 2018, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The Directors of the Group are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

ASX ADDITIONAL INFORMATION

CORPORATE GOVERNANCE STATEMENT

This Corporate Governance summary discloses the extent to which the Company will follow the recommendations set by the ASX Corporate Governance Council in its publication 'Corporate Governance Principles and Recommendations (3rd Edition)' (**Recommendations**). The Recommendations are not mandatory, however, the Recommendations that will not be followed have been identified and reasons have been provided for not following them along with what (if any) alternative governance practices the Company intends to adopt in lieu of the recommendation.

The Company has adopted the following suite of corporate governance policies and procedures (together, the **Corporate Governance Policies**):

- Board Charter;
- Corporate Code of Conduct;
- Audit and Risk Committee Charter;
- Nomination and Remuneration Committee Charter;
- Disclosure - Continuous Disclosure Policy;
- Disclosure - Risk Management Policy;
- Securities Trading Policy;
- Diversity Policy;
- Shareholder Communications Strategy; and
- Definition of Independence

The Company's Corporate Governance Policies are available on the Company's website at www.vysarn.com.au

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees.

Recommendations	Comply	Explanation
Principle 1: Lay solid foundations for management and oversight		
Recommendation 1.1 A listed entity should have and disclose a charter which: (a) sets out the respective roles and responsibilities of the board, the chair and management; and (b) includes a description of those matters expressly reserved to the board and those delegated to management.	Yes	The Company has adopted a Board Charter that sets out the specific responsibilities of the Board, the Chair and management and includes a description of those matters expressly reserved to the Board and those delegated to management. The Board Charter sets out the specific responsibilities of the Board, requirements as to the Board's composition, the roles and responsibilities of the Chairman and Company Secretary, the establishment, operation and management of Board Committees, Directors access to company records and information, details of the Board's relationship with management, details of the Board's performance review and details of the Board's disclosure policy. A copy of the Company's Board Charter is available on the Company's website.
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a director.	Yes	(a) The Company has detailed guidelines for the appointment and selection of the Board in its Nomination and Remuneration Committee Charter. The Company's Charter requires the Remuneration and Nomination Committee (or, in its absence, the Board) to ensure appropriate checks are undertaken before appointing a person, or putting forward to security holders a candidate for election, as a Director. (b) Material information relevant to any decision on whether or not to elect or re-elect a Director will be provided to security holders in the notice of meeting holding the resolution to elect or re-elect the Director. In the case of candidates standing for re-election, the candidate's experience and qualification are also disclosed on the Company's website and in its annual reports.

Yes	The Board Charter outlines the Company's requirement to have a written agreement with each Director and Senior Executive of the Company which sets out the terms of that Director's or Senior Executive's appointment.
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	Yes	The Board Charter outlines the roles, responsibility and accountability of the Company Secretary. The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.
Recommendation 1.5 A listed entity should:		
(a) have a diversity policy which includes requirements for the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them;	Yes	Refer to Schedule 8 of the Company's Corporate Governance Policies for further detail which is located on the Company's website.
(b) disclose that policy or a summary of it; and	Yes	Refer above.
(c) disclose as at the end of each reporting period:		
(i) the measurable objectives for achieving gender diversity set by the board in accordance with the entity's diversity policy and its progress towards achieving them; and	No	At the end of the reporting period, there have been no formal objectives set to achieve gender diversity.
(ii) either:		
(A) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or	Yes	100% of the Board is male. The Company Secretary was female.
(B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under the Workplace Gender Equality Act.	N/A	
Recommendation 1.6 A listed entity should:		(a) The Company's Nomination Committee (or, its absence, the Board) is responsible for arranging a performance evaluation of the Board, its Committees (if any) and individual Directors on an annual basis. It may do so with the aid of an independent advisor. The process for this is set out in the Company's Corporate Nomination and Remuneration Committee Charter, which is available on the Company's website.

Principle 2: Structure the board to add value		
Recommendation 2.1 The board of a listed entity should: <p>(a) have a nomination committee which:</p> <p>(i) has at least three members, a majority of whom are independent directors; and</p> <p>(ii) is chaired by an independent director, and disclose:</p> <p>(iii) the charter of the committee;</p> <p>(iv) the members of the committee; and</p> <p>(v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or</p> <p>(b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, experience, independence and knowledge of the entity to enable it to discharge its duties and responsibilities effectively.</p>	<p>No</p> <p>(a) The Company has not established a Nomination Committee.</p> <p>Yes</p> <p>(b) The Company's Nomination and Remuneration Committee Charter provides for the creation of a Remuneration and Nomination Committee (if it considered it will benefit the Company), a majority of whom are to be independent Directors, and which must be chaired by an independent Director.</p> <p>The Board considers that the Company is not currently of a size, nor are its affairs of a such complexity to justify having a separate nomination committee. Nominations of new Directors are considered by the full Board, all directors are involved in the search and recruitment of a replacement. The Board has taken the view that the full Board will hold special meetings as required. The Board is confident that this process for selection, including undertaking appropriate checks before appointing a person, or putting forward to Shareholders a candidate for election, and review is stringent and full details of all Directors will be provided to Shareholders in the Annual Report and on the Company's website.</p>	
Recommendation 2.2 A listed entity should have and disclose a board skill matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	No	The details of the current skill set of the current Directors are set out in the description of each Director in the Annual Report. The Board believes that the current skill mix is appropriate given the Company's size and the stage of the entity's life as a publicly listed exploration Company.
Recommendation 2.3 A listed entity should disclose: <p>(a) the names of the directors considered by the board to be independent directors;</p> <p>(b) if a director has an interest, position, association or relationship of the type described in Box 2.3 of the ASX Corporate Governance Principles and Recommendation (3rd Edition), but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and</p> <p>(c) the length of service of each director</p>	<p>Yes</p> <p>Yes</p> <p>Yes</p>	<p>(a) The following directors are considered independent;</p> <ul style="list-style-type: none"> Mr Nicholas Young Non-Executive Director Mr Faldi Ismail Non-Executive Director <p>(b) The Board Charter requires Directors to disclose their interest, positions, associations and relationships and requires that the independence of Directors is regularly assessed by the Board in light of the interests disclosed by Directors. Details of the Directors interests, positions associations and relationships are provided in the Annual Reports. Mr Nicholas Young is a Director of Onyx Corporate Pty Ltd. Onyx provides Company Secretarial and CFO services to the Company within the last three years, the services are not provided by Nicholas Young and the Board is of the opinion that this does not compromise his independent status.</p> <p>(c) The Company's Annual Report discloses the length of service of each Director, as at the end of each financial year.</p>
Recommendation 2.4 A majority of the board of a listed entity should be independent directors.	Yes	The Board Charter requires that, where practical, the majority of the Board should be independent. A majority of current directors are independent directors. As such, independent directors are currently a majority of the Board. Details of each Director's independence are provided in the Annual Reports and Company website.

No	The Non-executive Chair of the Board is Mr Peter Hutchinson. Mr Peter Hutchinson is a substantial security holder of the Company and in the absence of a CEO acts in the capacity in that role. Mr Hutchinson is not an independent Director. The role an position of Mr Hutchinson is considered to be in the best interests of the Company as it continues to identify opportunities for value accretion and/or a liquidity event.
Recommendation 2.6 A listed entity should have a program for inducting new directors and providing appropriate professional development opportunities for continuing directors to develop and maintain the skills and knowledge needed to perform their role as a director effectively.	Yes	The Board Charter states the Company is committed to the development of its Directors and Executives. The Board is responsible for the approval and review of induction and continuing professional development programs and procedures for Directors to ensure that they can effectively discharge their responsibilities.
Principle 3: Act ethically and responsibly		
Recommendation 3.1 A listed entity should: <ul style="list-style-type: none"> (a) have a code of conduct for its directors, senior executives and employees; and (b) disclose that code or a summary of it.
