Korab Resources Ltd ("Korab", or "Company") (ASX: KOR) advises that it has resolved to raise funds by way of a placement of up to 3.5 Mln shares at 2.9 cents each to un-related exempt investors.

This placement is to be completed within existing 15% share placement capacity and no shareholder approval is required.

The issue price of 2.9 cents per share is approximately 6.4% below 5 day volume weighted average traded price and approximately 3.3% below the last traded price of 3.0 cent per share. The share issue will constitute approximately 1.1% dilution of issued capital held by Korab's shareholders immediately prior to this placement.

The Company used a placement of shares instead of a pro-rata share issue due to the time constraints, the relatively small size of the issue and high cost of conducting a pro-rata issue. Funds will be used for working capital and to reduce debt.
