

NEWS RELEASE | 18 OCTOBER 2018

Spanish media reports

Following yesterday's announcements regarding the recent media reports published in Spain, Berkeley Energia Limited (**the Company**) contacted both the Nuclear Safety Council and the Energy and Environment Ministry to seek immediate clarification and are awaiting a response.

The Company has received no official notice from the Nuclear Safety Council nor any other government department to date.

The Company notes that Spain's Nuclear Safety Council and Energy and Environment Ministry have both declined to comment on the article published yesterday.

The Company will continue to comply with its continuous disclosure obligations and it will make an announcement as soon as a response from the Nuclear Safety Council is received.
