## BlackEarth Minerals Online Investor Briefing

BlackEarth Minerals NL (ASX: BEM) will be holding a special investor briefing to outline how the Company plans on fast-tracking the Maniry Graphite Project to cash flow.

**Date:** Wednesday, October 24

**Time:** 2.00pm AEDT / 11.00am WDT

[Book Now](#)

The briefing will be broadcast by Managing Director Tom Revy, live from the Graphite + Anodes conference in California, a convergence of the world's pre-eminent graphite industry minds.

Investors are invited to attend the live interactive webcast where Tom will discuss:

- Global trends in the graphite market being discussed by industry leaders at the conference
- How BlackEarth is positioned to fill a forecasted supply shortage in large-flake graphite
- Potential metallurgy results and their application to BlackEarth's 'fast track to cash flow' strategy

This will be a live interactive session with opportunities to ask questions.

The session is free to attend, and investors can do so using a computer or smartphone connected to the internet.

The webcast will be hosted by OzFinancial so should you require any technical assistance, please contact them on 03 8080 5795.
