An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.

Explanatory notes to Appendix 4C

1. Item 1.1 includes income from its leasing division and fees earned as well as interest income from the loan portfolio; interest earned on loans is shown at Item 1.4.
2. Item 1.4 only shows cash interest income from the loan portfolio. However not all interest income earned by the Company in the quarter is included in this line as the Company also derives income from interest capitalising loans.
3. Item 1.8 represents the net cash movements arising from deposits accepted and loans made by FEI during the quarter which shows higher lending continues.
4. The closing cash balance as at 30th September 2018 is shown in item 5.5. The 30th September 2018 closing cash balance of \$7.65m is lower than the 30th June 2018 cash balance of \$12.70m as the Company used its cash reserves to increase its lending activities to generate more income during the quarter.
5. The Company adopted the exchange rate of AUD\$1.00 to NZ \$1.09 as at 30th September 2018 in relation to the cash amounts held by FEI as at 30th September 2018.
