Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

The Ikwezi Mining Limited Board currently comprises of four Executive Directors, none of whom are considered to be independent. The Board is seeking to appoint an additional suitably qualified independent Non-Executive Director at an appropriate juncture once a suitable candidate has been identified.

The Board is committed to ensuring that our Company is properly managed to protect and enhance Shareholder interests, and that we and our Directors, officers and employees operate in an appropriate environment of corporate governance.

Accordingly, the Board has adopted corporate governance policies and practices (the majority of which are in accordance with ASX's Corporate Governance Principles and Recommendations (ASX Recommendations)) designed to promote the responsible management and conduct of our Company.

Our main policies and practices are summarised below. In addition, many governance elements are contained in the Constitution. Details of our key policies and practices and charters for the Board and each of its committees are available at www.ikwezimining.com or may be obtained from our Company Secretary.

Board responsibilities and composition

The Board is ultimately responsible for setting policy regarding the strategic direction and goals for our business and affairs.

The Board delegates day-to-day management of our resources to management, under the leadership of the Executive Chairman, to deliver the strategic direction and goals determined by the Board.

In discharging their duties, Directors are provided direct access to and may rely upon senior management and external advisers and auditors. The Board collectively, the Board committees and individual Directors may seek independent professional advice at our expense for the purposes of the proper performance of their duties.

The Board considers an independent Director to be a Non-Executive Director who is not a member of our management and who is free from any interest and any business or other relationship that could materially interfere with, or could reasonably be perceived to interfere with, the independent exercise of their judgement. The Board will consider the materiality of any given relationship on a case-by-case basis, rather than referring to a general materiality threshold.

The Board currently comprises four Executive Directors, none of whom are considered to be independent. The Chairman is an Executive Director. The current Board members are described in the Directors' Report.

The Board is committed to good corporate governance and, as noted above, we are seeking to appoint an additional suitably qualified independent Non-Executive Director. The Board will consider appointing this independent Non-Executive Director to the Audit Committee and Remuneration and Nomination Committee.

We consider it important that the Board comprises individuals with a range of knowledge, skills and experience which are appropriate to its objectives. To this end, the composition of the Board is to be reviewed regularly to ensure the appropriate mix of skills and expertise is present to facilitate successful strategic direction.

Details regarding the skills, qualifications, experience and expertise of each of the Directors as at the date of this Annual Report can be found in the Directors report.

Board committees

The Board discharges its duties in relation to certain specific functions through the following committees of the Board:

- Audit Committee;
- Risk Committee; and
- Remuneration and Nomination Committee.

The Board undertakes to ensure that these committees are sufficiently resourced to enable them to fulfil their roles and discharge their responsibilities. Given the present structure of the Board and the requirement of each committee charter that the Committees are to comprise at least 3 members, all of the Directors are also members of each of these Committees. It is intended that this be reviewed once additional Board members have been appointed.

Audit Committee

The role of the Audit Committee is to assist the Board in monitoring and reviewing any matters of significance affecting financial reporting and compliance.

The Audit Committee currently comprises of our four Directors; David Pile is currently chairman of the committee, however the Board intends to again review this position during 2018/19 given that Mr Pile is also Chairman of the Company.

Risk Committee

The role of the Risk Committee is to assist the Board with the identification and management of business and operational risks faced by our Company. The Risk Committee responsibilities include overseeing our risk management systems, practices and procedures and reviewing periodically the scope and adequacy of our insurance. The Risk Committee will comprise at least 3 members and may include Executive and Non-Executive Directors as well as senior executives of our Company. Currently all our Directors serve on the Risk Committee. David Pile currently serves as chair of the Risk Committee.

Remuneration and Nomination Committee

The role of the Remuneration and Nomination Committee includes attending to matters related to our remuneration policy to enable us to attract and retain executives who will create value for Shareholders and to arrange annual performance evaluations of those executives.

The Remuneration and Nomination Committee also attends to matters relating to succession planning and recommends candidates for election or re-election to the Board. The Remuneration and Nomination Committee will identify and recommend candidates for the Board after considering the necessary and desirable competencies of new Board members to ensure the appropriate mix of skills and experience and after assessment of how the candidates can contribute to the strategic direction of the Company.

Currently all of the Directors serve on the Remuneration and Nomination Committee. Mr Tushar Agrawal currently serves as Chair of the Remuneration and Nomination Committee.

Compliance with Black Economic Empowerment (BEE) legislation in South Africa

The BEE requirements in the South Africa mining industry arise from the equality provisions of the South African Constitution and the Mineral and Petroleum Resources and Development Act (MPRDA).

The Department of Mineral Resources (DMR) has published and implemented the Broad Based Socio-Economic Empowerment Charter, September 2010 (Mining Charter) which is applicable to all mining companies operating within South Africa. The Mining Charter aims at facilitating participation of historically disadvantaged South Africans (HDSA) in the mining and minerals industry by providing specific targets that must be met by 2014 in order to effect complete transformation and promote sustainable development and growth of the industry. HDSA are defined as "any person, category of persons or community, disadvantaged by unfair discrimination" on the basis of race, gender or disability and includes females generally as well as Black, Indian, Chinese and Coloured people.

The most significant element of the Mining Charter is the ownership requirement which stipulate that mines must commit to obtaining 26% effective ownership (the meaningful participation of HDSA's in the ownership, voting rights, economic interest and management control of mining entities) by 2014.

The Mining Charter also requires that a Mining Right holder procures a minimum of 40% of its capital goods, 50% of its consumer goods and 70% of its services from BEE entities (an entity of which a minimum of 25% + 1 vote of share capital is directly owned by HDSA's). Further, Mining Right holders need to ensure that all multinational suppliers of capital goods contribute 0.5% of the supplier's annual income into a social development fund in order to promote the socio-economic development of local communities.

In furtherance of employment equity targets, Mining Right holders must reach 40% HDSA representation at all levels of management and core skills by no later than 2014.

A Mining Right holder is also required to invest at least 5% of its annual payroll in essential skills development activities reflective of the demographics. The holder should also, in consultation with organised labour, facilitate the home ownership options of all mineworkers. A Mining Right must also implement policies on sustainable development commitments which cover aspects such as the improvement of environmental management as well as health and safety performance.

In order to ensure that Mining Right holders adhere to the provisions of the Mining Charter, the MPRDA requires all such holders to report their level of compliance on an annual basis. To this extent, the DMR has also published a mining scorecard which provides a framework for measuring compliance with the Mining Charter. The scorecard measures three core elements: (1) direct empowerment through ownership and control of enterprises and assets; (2) human resource development and employment equity; and (3) indirect empowerment through preferential procurement and enterprise development.

Non-compliance with any of the above provisions of the Mining Charter shall render the Mining Right holder in breach of the MPRDA which may attract strict consequences such as the suspension or cancellation of the relevant Prospecting Right or Mining Right.

On 27 September 2018, subsequent to the Companies year end, the South African Government gazetted the "Broad-Based Socio- Economic Empowerment Charter for the Mining and Minerals Industry, 2018 (Mining Charter, 2018) a copy of which is available at https://www.gov.za/sites/default/files/41934_gon1002.pdf . The Mining Charter, 2018 must be read together with the implementation guidelines that are to be published within two months of 27 September 2018. As at the date of this report, the guidelines are as yet to be published. The revised Mining Charter, 2018 introduces some additional requirements into the legislation regarding the various criteria that will need to be met by Ikwezi going forward. The impact of these additional requirements, if any, are as yet to be determined by the Company. The Company will only be in a position to fully evaluate these once the implementation guidelines have been published.

The legal requirements contained in the South African legislation exceed the reporting recommendations contained in ASX Recommendation 3.3 and 3.4. The Company's South African subsidiaries comply with and in fact exceed the relevant ownership requirements with our BEE partners owning 30% of Ikwezi Mining (Pty) Ltd, Ikwezi Management Services (Pty) and Ikwezi Resources (Pty) Ltd and 40% of Bokamaso (Pty) Ltd. We are committed to meeting and exceeding the provisions contained in the Mining Charter with preference given in terms of our internal employment and procurement policies and procedures not only to HDSA employees and BEE compliant Companies but to those that are located in the areas that we operate. As at the date of this report 25% of the senior management of the consolidated group are HDSA's with no female senior management or Directors given our current reduced staffing structure. Females comprise 40% of our current workforce.

Compliance with ASX Recommendations

The Company follows all of the ASX Recommendations except as outlined in this statement.

During the financial year, the Board comprised four Executive Directors. The chairman of the Board during the period was an Executive Director, and none of the Directors during the financial year were considered by the Board to be independent based on the criteria outlined in the definition of independence adopted by the Company.

As a result of this Board structure, the Company did not comply with the following ASX Recommendations for the period to 30 June 2017:

- ASX Recommendation 1.5: A listed entity should have and disclose a diversity policy and the measurable objectives set for achieving gender diversity.
- ASX Recommendation 2.1: Structure of the nomination committee
- ASX Recommendation 2.2: A listed entity should have and disclose a board skills matrix
- ASX Recommendation 2.4: A majority of the board of a listed entity should be independent directors
- ASX Recommendation 2.5: The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.
- ASX Recommendation 4.1: Structure of the audit committee
- ASX Recommendation 7.1: Structure of the risk committee
- ASX Recommendation 8.1: Structure of the remuneration committee

The Company is working towards complying with the above ASX Recommendations and is seeking to appoint a further, independent Non-Executive Director as appropriately qualified candidates are identified. The new appointees will allow the Company to revise the composition of the Audit Committee and Remuneration and Nomination Committee to comply further with ASX Recommendations, however it does not expect in the coming year to comply with the requirement for the Audit Committee to comprise at least three members. The Company does not consider compliance with this part of the ASX Recommendation 4.1 appropriate for the Company at present having regard to the size and scale of its operations and the desire to constitute its audit committee solely of independent Non-Executive Directors.

A table outlining the Company's current compliance with each ASX Recommendation is set out below.
