

## Mr Bill Plyley, Director and former Chairman, has passed away

Stavely Minerals Limited (ASX Code: **SVY** – “Stavely Minerals”) is saddened to advise that Mr William ‘Bill’ Plyley, Director and former Chairman, has passed away this morning after a courageous battle with brain cancer.

Bill had an adventurous career having graduated from university in California as a metallurgist and having worked in Australia (Queensland and WA), Papua New Guinea and Africa specialising in new mine developments with companies including Placer, Redback Mining and La Mancha.

He was a man of great humility and integrity with an enthusiasm for mineral exploration.

Bill was Stavely Minerals’ inaugural Chairman and his steady stewardship and support for our exploration efforts will be sorely missed by the Stavely Minerals’ team.

Bill is survived by his wife Diana, daughter Kaitlin and son Jace – our sincere condolences and love go out to them.

Yours sincerely,

**Chris Cairns**  
**Managing Director**
