**Orcoda Limited (ASX: ODA)** ('Orcoda' or 'the Company'), the logistics optimisation company working in the resources, healthcare, and transport sectors, is pleased to announce that it has signed a service supply agreement with SGS Logistics Pty Ltd ("SGS"). Over the years, SGS has helped thousands of organisations by providing dedicated driver solutions and improved logistics management.

The three-year service supply agreement in the form of a frame agreement is valued at \$40,000 and will scale as the business grows. It provides SGS with Orcoda's state-of-the-art, hosted logistics solution. SGS's website highlights their commitment to improving customer service by using clever technology. The partnership with Orcoda will provide SGS fleets with improved in-field services, collections and deliveries through increased efficiency, visibility and compliance.

"We are extremely pleased to establish a technology relationship with SGS Logistics," Brendan Mason, Orcoda Managing Director, said. "SGS Logistics understands that customer service is paramount. In an industry characterised by poor service and unsustainable cost cutting, SGS pride themselves on impeccable service levels and uncompromising efficiency."
