TRACK RECORD: REVENUE GROWTH OF ~100% P.A.

Revenue growth at ~100% p.a.

\$ million

Profitable since inception

\$ million

Cloudten's strong revenue growth in the past 2 years was due to a combination of factors:

Right place, right time

1. Riding on the wave of industry growth from early on
2. Founders having the right skills to build initial client base

Success breeds success

1. Satisfied (initial) clients provided strong client references and vouched for Cloudten's strong capabilities
2. Delivery experience from initial projects helped Cloudten team build deeper competencies to meet more complex client requirements
3. Strong client references and deeper technical experience helped Cloudten secure more clients and achieve the exclusive AWS Competency status in two areas:
 - ▣ Government Competency
 - ▣ Security Competency
4. Past successes (satisfied clients, deeper experience and AWS Competency status) better positions Cloudten to win more clients in the future

AWS: Amazon Web Services

OPERATING IN A HIGHLY ATTRACTIVE INDUSTRY OF CLOUD AND SECURITY

Cybersecurity and Cloud are amongst the top 3 areas where enterprises are expected to increase IT spending in 2019

Source: Gartner's 2019 CIO Agenda (published in October 2018); based on survey with 3,086 CIOs of enterprises globally.
(Question: "What are the technology areas where your organisation will be spending the largest amount of new/additional funding in 2019?")

Core Service Offerings

Cloud Migration

- Designing cloud architecture
- Migrating to AWS
- Managing AWS infrastructure
- Troubleshooting/managing incidents
- Optimising cloud infrastructure

Cloud Security

- Designing cloud security architecture
- Deploying cloud security solutions
- Managing cloud security infrastructure
- Security incident monitoring

PARTNERSHIP WITH THE DOMINANT LEADER TO RIDE THE GROWTH WAVE

1 Cloudten is an AWS Partner

AWS Consulting Partner since 2015

AWS: Amazon Web Services

2 AWS is the dominant industry leader globally

Market share of Cloud Infrastructure (IaaS)

IaaS: Infrastructure-as-a-Service

Snapshot of AWS

- Amazon started AWS in 2006 as a pioneer in cloud computing
- AWS is now the largest cloud infrastructure provider globally

AWS is Amazon's main profit and growth contributor ...

- Growth engine: AWS is growing at 54% p.a. in the last 5 years (compared to Amazon's overall growth of 24% p.a.)
- Profit engine: AWS's generated \$1.6 b profit in Q2 2018 representing 55% of Amazon's profit; while its \$6.1 b revenue contributes to only 11.5% of Amazon's revenue

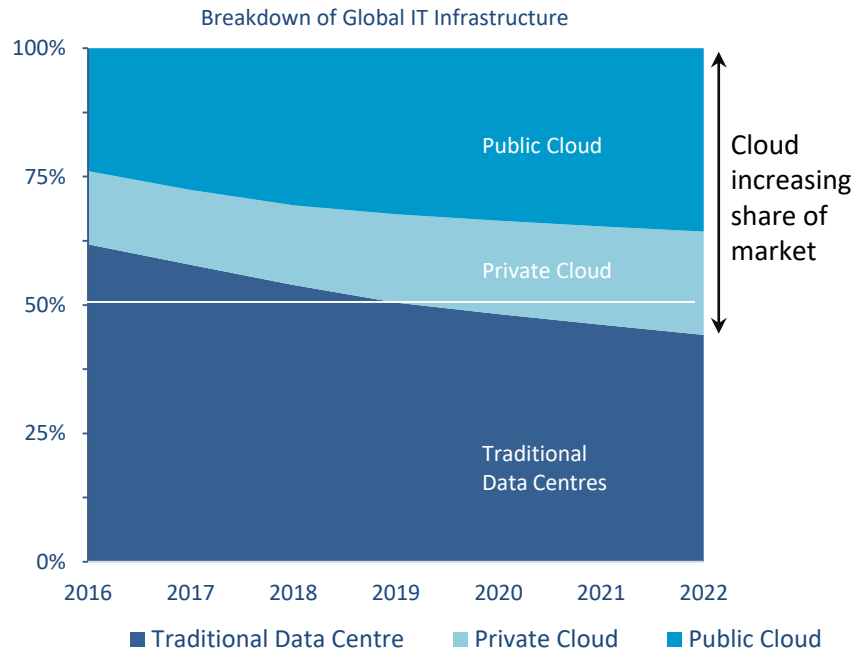

... resulting in Amazon's share price increasing 6x in 4 years

- Due primarily to the success of AWS, Amazon's share price increased from \$290 to \$2000* between Jan 2015 and Sep 2018
- Amazon became the 2nd company to reach \$1 trillion market cap.

GROWTH WAVE EXPECTED TO CONTINUE INTO THE NEXT DECADE AS IT REPLACES TRADITIONAL DATA CENTRE INFRASTRUCTURE

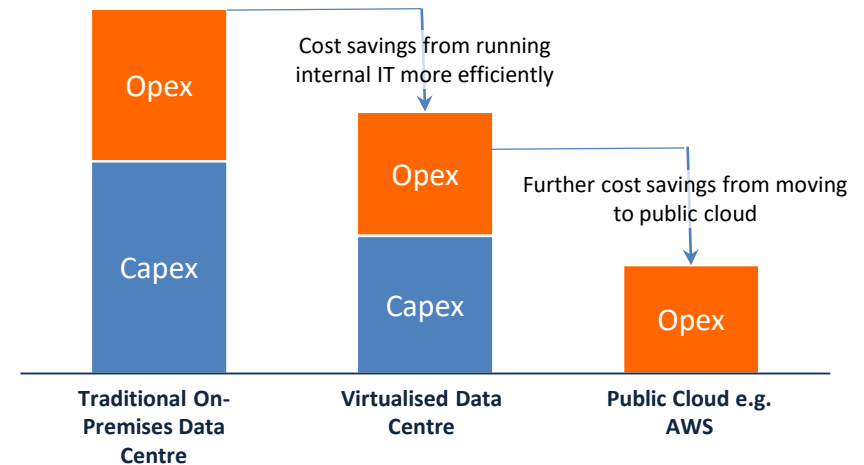

Cloud to overtake Traditional DC next year

Source: IDC, 2018

- Public Cloud market is \$186 billion (2018) globally and expected to represent 36% of global IT infrastructure spend by 2022
- So far, the migration to Public Cloud is mostly due to Software-as-a-Service (SaaS)
- Infrastructure as a Service (IaaS) is still small part of the Public Cloud market (20%) is expected to be the fastest growing segment at 36% growth p.a. (Source: Gartner)
- Trend will continue as current generation servers and mainframes become obsolete and are out-of-support

Rationale for Cloud Migration

Cost savings due to:

- ▶ No upfront investment
- ▶ Economies of scale (200-300 data centres)
- ▶ Lower staff costs due to automation, efficiency and scale
- ▶ Lower operating costs (e.g. power, lease, etc)

Other benefits

- ▶ Scalable and flexible – ability to scale up and down quickly in response to an enterprise's requirements
- ▶ Support for disaster recovery and high availability without the high associated costs

Who is moving to cloud:

- Almost all companies, big or small (and individuals)
- All industries, incl. the government and financial institutions

HIGHLY ACCREDITED CLOUD SERVICE PROVIDER TO WIN NEW CLIENTS

Highly accredited by AWS

Cloudten's AWS journey (and achievements):

2015 Admitted as AWS Standard Consulting Partner

2016: Advanced Consulting Partner status

2017: Admitted into Public Sector Partner programme

2018: The **first and only** Australian Consulting Partner to achieve **Government Competency***

2018: **One of three** Australian Consulting Partners to achieve **Security Competency***

The **first and only** Consulting Partner in Australia and APAC to achieve both Government and Security Competencies

Note:

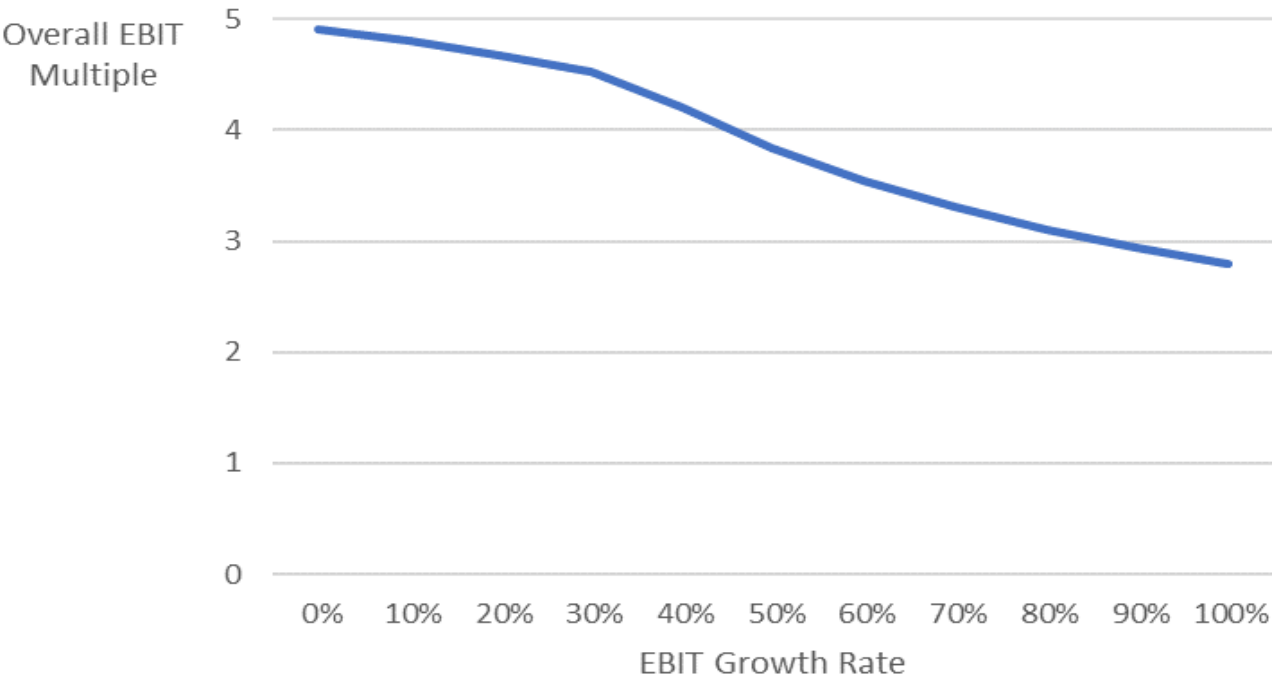

AWS Competency is awarded to partners who have demonstrated technical proficiency and proven customer success in specialised solution areas. Attaining an AWS Competency allows partners to differentiate themselves to customers by showcasing expertise in a specific solution area.
