About Raiden Resources

Raiden Resources Limited (ASX:RDN) is an ASX listed copper—gold focused exploration company focused on the emerging prolific Tethyan metallogenic belt in eastern Europe, focused in Serbia. The Company has signed an Earn-In and Joint Venture Agreement with Rio Tinto in respect to three of its six projects, whereby Rio Tinto can earn a 75% project-level position in the properties via a staged exploration commitment totalling USD\$31.5 million in three stages at Rio Tinto's election.

Raiden also retains a 100% interest in the Bor and Pirot project applications and the Zupa property, which the company considers prospective for intrusion-related mineralisation styles including gold, copper and other base metals. The Directors believe that the Company is well positioned to unlock value from this exploration portfolio and be positioned as a fresh ASX listed gold-copper exploration company
