

## DIRECTOR RESIGNATION

**ASX Release**

**13 February 2019**

**BidEnergy Limited (ASX: BID)** (“**BidEnergy**” or “**the Company**”), advises that Anthony Du Preez, CTO and Founder of BidEnergy, is resigning as an executive director of the company to focus on strategic growth opportunities in the key UK and US markets. His role has grown significantly with the global expansion of the business from leading the build out of the global platform to presenting the Bid platform to major UK and US corporates.

Guy Maine, Managing Director, said “Anthony has been travelling to both the United States and the United Kingdom on a frequent basis to present the BID solution to large multi nationals as the Company looks to further expand its operations in those markets. As such his responsibilities are being increasingly more aligned to the core growth and scale of the business. This is where Anthony’s talents are best directed, and where he intends to focus more time. As BidEnergy increases its reach globally, Anthony as one of the Company’s original founders, has a vital role to play in evangelising the BID story. He remains a key cog in our rapidly growing business.”
