

## HAZER RECEIVES \$1.6M R&D TAX INCENTIVE CASH REFUND FOR FY18

**PERTH, AUSTRALIA; 14 FEBRUARY 2019:** Hazer Group Ltd (“Hazer” or “the Company”) (ASX:HZR) is pleased to advise that it has received a cash refund of \$1,641,767 from its R&D tax incentive claim for the financial year ending 30 June 2018. The Australian Federal Government’s R&D Tax Incentive program provides a cash refund on eligible research and development activities performed by Australian companies.

Hazer Group CEO, Geoff Ward, commented “The R&D Tax Incentive Program is an important program that strongly supports Australian innovation. Hazer will use these funds to continue to develop its low emission hydrogen and graphite production process through engineering and feasibility studies for our planned Commercial Demonstration Plant. The company is in a strong financial position and well-funded to pursue the increasing interest in low emission hydrogen technologies. We look forward to delivering significant progress in the first half of 2019 towards demonstrating the value of our technology.”
