7 MARCH 2019

IVZ SPEAKING AT EXECUTIVE INSIGHTS VIRTUAL CONFERENCE

Invictus Energy Limited ("Invictus" or "the Company"), is pleased to advise of its participation in the Executive Insights Virtual Conference, where Managing Director Scott Macmillan will provide an overview of the Cabora Bassa Project.

The event will be held on **Thursday 7 March 9am until 10:30am** (Australian Western Standard Time). Scott is scheduled to speak at approximately 10:05am.

Shareholders and other interested parties are invited to register for this event so as to hear first-hand of the recent activity of the Company and upcoming plans for the future, plus have the opportunity to ask questions of Scott.

Event format:

- Registered individuals will be sent a link to watch the conference prior to it commencing
- Viewers will be able to see the presentation and the presenter on the one screen
- Each of the presenters will give a 15-20 minute presentation
- Viewers will be invited to ask questions during the presentation, to be facilitated by an MC, with presenter answering questions at the completion of their presentation
- A recorded copy of the event will be available on Invictus Energy's website 24 hours after the event

About the Cabora Bassa Project

The Cabora Bassa Project encompasses the Mzarabani Prospect, a multi-TCF conventional gas-condensate target which is potentially the largest, undrilled seismically defined structure onshore Africa. The prospect is defined by a robust dataset acquired by Mobil in the early 1990s that includes seismic, gravity, aeromagnetic and geochemical data.
