United Kingdom (CREST Voting Instruction)

DI Holders in CREST may transmit voting instructions by utilising the CREST voting service in accordance with the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider, should refer to their CREST sponsor or voting service provider, who will be able to take appropriate action on their behalf.

In order for instructions made using the CREST voting service to be valid, the appropriate CREST message (**CREST Voting Instruction**) must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for such instructions, as described in the CREST Manual (available via www.euroclear.com/CREST).

To be effective, the CREST Voting Instruction must be transmitted so as to be received by the Company's agent (3RA50) no later than 10:00am (BST) on 10 April 2019. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the CREST Voting Instruction by the CREST applications host) from which the Company's agent is able to retrieve the CREST Voting Instruction by enquiry to CREST in the manner prescribed by CREST. DI Holders in CREST and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the transmission of CREST Voting Instructions. It is the responsibility of the DI Holder concerned to take (or, if the DI Holder is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that the CREST sponsor or voting service provider takes) such action as shall be necessary to ensure that a CREST Voting Instruction is transmitted by means of the CREST voting service by any particular time.

In this connection, DI Holders and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

Form of Instruction

DI Holders are invited to attend the Meeting but are not entitled to vote at the Meeting. In order to have votes cast at the Meeting on their behalf, DI Holders must complete, sign and return the Forms of Instruction sent to them together with this Notice to the Company's agent, Computershare UK, by no later than 10:00am (BST) on 10 April 2019.

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Annual General Meeting will include receipt and consideration of the annual financial report of the Company for the period from 1 January 2018 to 31 December 2018 together with the Directors' declaration, the Directors' Report, the Remuneration Report and the Auditor's Report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website www.88energy.com or on the ASX platform for "88E" www.asx.com.au.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

Under changes to the Corporations Act which came into effect on 1 July 2011, a company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the Managing Director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

2.4 Proxy voting restrictions

Shareholders appointing a proxy for this Resolution should note the following:

Proxy	Directions given	No directions given
Key Management Personnel ¹	Vote as directed	Unable to vote ³
Chair ²	Vote as directed	Able to vote at discretion of Proxy ⁴
Other	Vote as directed	Able to vote at discretion of Proxy

Notes:

¹ Refers to Key Management Personnel (other than the Chair) whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member.

² Refers to the Chair (where he/she is also a member of the Key Management Personnel whose remuneration details are included in the Remuneration Report), or a Closely Related Party of such a member).

³ Undirected proxies granted to these persons will not be voted and will not be counted in calculating the required majority if a poll is called on this Resolution.

⁴ The Proxy Form notes it is the Chair's intention to vote all undirected proxies in favour of all Resolutions.

3. RESOLUTION 2 – RE-ELECTION OF DR STEPHEN STALEY AS A DIRECTOR

3.1 Background

ASX Listing Rule 14.4 provides that a director of an entity must not hold office (without re-election) past the third AGM following the director's appointment or 3 year, whichever is the longer.

The Constitution of the Company requires that one third of the Directors in office (other than a Managing Director) must retire by rotation at each annual general meeting of the Company.

Dr Stephen Staley, who was originally appointed on 9 April 2014 retires by rotation and seeks re-election.

Stephen is a Fellow of the Geological Society, holds a BSc (Hons.) in Geophysics from Edinburgh University, a PhD in Petroleum Geology from Sheffield University and an MBA from Warwick University. Stephen was founder and former Managing Director of Independent Resources plc and is founder and Managing Director of Derwent Resources Limited. Stephen has 35 years' experience in the energy sector, including Conoco and BP, with considerable experience in the European, African and Asian oil, gas and power sectors. He is the co-founder and CEO of Upland Resources Ltd, and non-executive Director of Predator Oil and Gas Holdings PLC.

The Board considers Dr Staley to be an independent director.

The Board, with Dr Staley abstaining, recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – APPROVAL OF 10% PLACEMENT CAPACITY

4.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital (**10% Placement Capacity**).

The Company is an Eligible Entity.

If Shareholders approve this Resolution, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out in section 4.2 below).

The effect of Resolution 3 will be to allow the Company to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

Resolution 3 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 3 for it to be passed.

4.2 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A came into effect on 1 August 2012 and enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a market capitalisation of \$113,967,726 at 28 February 2019 (calculated by multiplying the number of shares on issue of 6,331,540,324 by the Company's closing share price on 28 February 2019 of \$0.018).

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. The Company currently has 1 class of quoted Equity Securities on issue, being the Shares (ASX Code: 88E).

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

- A** is the number of Shares on issue 12 months before the date of issue or agreement:
- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under ASX Listing Rules 7.1 and 7.4. This does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval; and
 - (iv) less the number of Shares cancelled in the previous 12 months.
- D** is 10%.
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4.

4.3 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 3:

(a) **Minimum Price**

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in section 4.3(a)(i), the date on which the Equity Securities are issued.

(b) **Date of Issue**

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of Equity Securities on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue	Dilution			
	Issue Price (per Share)	\$0.009 50% decrease in Issue Price	\$0.018 Issue Price	\$0.036 100 % increase in Issue Price
6,331,540,324 (Current)	Shares issued	633,154,032 Shares	633,154,032 Shares	633,154,032 Shares
	Funds raised	\$5,698,386	\$11,396,773	\$22,793,545
9,497,310,486 (50% increase)*	Shares issued	949,731,049 Shares	949,731,049 Shares	949,731,049 Shares
	Funds raised	\$8,547,579	\$17,095,159	\$34,190,318
12,663,080,648 (100% increase)*	Shares issued	1,266,308,065 Shares	1,266,308,065 Shares	1,266,308,065 Shares
	Funds raised	\$11,396,773	\$22,793,545	\$45,587,090

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue conversion of options or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 6,331,540,324 Shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 28 February 2019.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for potential production testing at Winx-1 exploration well, possible cost overruns associated with the drilling of the Winx-1 well, lease rentals and interest costs to maintain assets in good standing, ongoing geological and geophysical work, to allow the Company to review and pursue new opportunities that may arise, and for working capital; or
- (ii) as non-cash consideration for corporate advisory and capital raising services in relation to funds raised, projects and general working capital. In such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) **Allocation policy under the 10% Placement Capacity**

The Company's allocation policy for the issue of Equity Securities under the 10% Placement Capacity will be dependent on the prevailing market conditions at the time of the proposed placement(s).

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous Approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 18 April 2018 (**Previous Approval**).

The Company has issued 460,811,112 Shares pursuant to the Previous Approval.

During the 12 month period preceding the date of the Meeting, being on and from 15 April 2018 to 15 April 2019, the Company issued a total of 1,234,386,742 Shares, 10,000,000 Options, and 53,149,110 Performance Rights which represents approximately 23.59% of the total diluted number of Equity Securities on issue in the Company on 15 April 2018 which was 5,416,843,835.

Further details of the issues of Equity Securities by the Company during the 12-month period preceding the date of the Meeting are set out in Schedule 1.

(g) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- (i) a list of the recipients of the Equity Securities and the number of Equity Securities issued to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
- (ii) the information required by Listing Rule 3.10.5A for release to the market.

4.4 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 3.

5. RESOLUTION 4 – RATIFICATION OF PRIOR ISSUE OF PLACEMENT SHARES

5.1 Background

On 9 May 2018, the Company issued 460,811,112 fully paid ordinary shares to participants of a placement to professional and sophisticated investors (**Placement**). The Shares were issued under the Company's 10% placement capacity under ASX Listing Rule 7.1A, which was approved by Shareholders at the annual general meeting held on 18 April 2018.

Resolution 4 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of those Shares.

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rule 7.1 (and Listing Rule 7.1A). It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

ASX Listing Rule 7.1A provides that, in addition to issues of securities permitted without prior shareholder approval under ASX Listing Rule 7.1, an entity that is eligible and which has obtained Shareholder approval under ASX Listing Rule 7.1A may issue or agree to issue, during the period in which approval is valid, a number of equity securities which represents 10% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period as adjusted in accordance with the formula in ASX Listing Rule 7.1.

Where an eligible entity obtains shareholder approval to increase its placement capacity under ASX Listing Rule 7.1A then any ordinary securities issued under that additional placement capacity:

- (a) will not be counted in variable "A" in the formula in ASX Listing Rule 7.1A; and
- (b) are counted in variable "E",

until their issue has been ratified under ASX Listing Rule 7.4 (and provided that the previous issue did not breach ASX Listing Rule 7.1A) or 12 months has passed since their issue.

By ratifying the issue, the subject of Resolution 4, the base figure (ie variable "A") in which the Company's 15% and 10% annual placement capacities are calculated will be a higher number which in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval.

5.2 Technical information required by ASX Listing Rule 7.5

Pursuant to and in accordance with ASX Listing Rule 7.5, the following information is provided in relation to the ratification the subject of Resolution 4:

- (a) 460,811,112 Shares were issued;
- (b) the Shares were issued at an issue price of \$0.037 per share;
- (c) the Shares issued were fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;

6.1 Background

On 31 July 2018, the Company issued a total of 10,000,000 unlisted options (exercisable at \$0.03 on or before 31 July 2020) (**Options**).

7,000,000 Options were issued to the Company's general manager of operations, and 3,000,000 Options to a consultant to the Company for services provided to the Company, and as an incentive for their contribution to the future performance of the Company. The Options were issued under the Company's 15% placement capacity under ASX Listing Rule 7.1.

Resolution 5 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of those Options.

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12-month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12-month period.

A summary of ASX Listing Rule 7.4 is set out in Section 5.1 above.

By ratifying this issue, the Company will retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

- (c) The Options will be unquoted.
- (d) The Options are exercisable at any time on or prior to the expiry date by notice in writing to the directors of the company accompanied by payment of the exercise price.

- (i) This rule does not apply to Options issued *pro rata* on the same terms as Options already on issue.
- (j) There is no right to a change in the exercise price of the Options or to the number of shares over which the Options are exercisable in the event of a new issue of capital (other than a bonus issue) during the currency of the Options.
- (k) In the event of any reorganisation of the issued capital of the company on or prior to the expiry date, the rights of an Optionholder will be changed to the extent necessary to comply with the applicable ASX Listing Rules in force at the time of the reorganisation.
