

27 March 2019

Completion of Placement

RMG Limited (**RMG** or the **Company**) is pleased to advise it has raised A\$200,000 by the issue of 13,333,333 fully paid ordinary shares in the Company (**Shares**) to a sophisticated and overseas investor at \$0.015 per share. Funds raised will be applied towards the Company's working capital.

The placement consists of 13,333,333 Shares using the Company's existing ASX Listing Rule 7.1A capacity. The Shares were issued at 57.89% premium to the 15-day VWAP of the Company's shares for the 15-day period including and up to 15 March 2019, which was \$0.0095.

The Company provides the following information in accordance with ASX Listing Rule 3.10.5A:

- a) The dilution to the existing shareholders is 2.21%.
- b) The Shares were issued to a sophisticated investor pursuant to a placement (as opposed to a pro-rata issue or another type of issue in which existing ordinary securityholders would have been eligible to participate) because it was considered to be a more cost efficient and timely method for raising the funds required to achieve its objectives.
- c) There was no underwriting arrangement in connection with the issue.
- d) There was a 5% placement fee (\$10,000) involved in connection with the issue.

The Company notes that as trading in the Company's Shares have been suspended for more than a total of 5 days during the last 12 months, the Shares issued under the placement are not freely tradeable. As such, the investor has agreed to voluntary escrow of the Shares for the period from issue until the earlier of 12 months from issue or lodgement of a disclosure document which cleanses the securities for secondary trading purposes.

In addition, the Company has received a further commitment of A\$500,000 from another sophisticated and overseas investor to subscribe for 33,333,333 Shares at \$0.015 each. The Company intends to issue and allot these Shares using the Company's Listing Rule 7.1 or Listing Rule 7.1A capacity, once funds are received. The Company also intends to put in place similar voluntary escrow restrictions with this investor.
