For and on behalf of Buddy Technologies Limited,
Stuart Usher
Company Secretary

About Buddy

Buddy Technologies Limited (ASX:BUD) helps customers of any size to “make every space smarter”, by way of two subsidiaries – **Buddy Platform** and **LIFX**. Within Buddy Platform, Buddy Cloud, Buddy Ohm and Parse on Buddy are the company’s core offerings that empower its customers to fully leverage digital technologies and their impact in a strategic and sustainable way. Buddy Cloud enables ubiquitous access to and storage of data from any environment – recreational vehicles, schools, commercial buildings or an entire city – in support of smarter, healthier spaces. Buddy Ohm is a resource monitoring solution that simplifies building operations and provides peace of mind by harnessing real-time utility and operational data to reduce or mitigate risk and improve operations, savings and sustainability. Parse on Buddy is a mobile backend as a service (mBaaS) built on the world’s most popular BaaS technology.

For more than six years, LIFX has established a leading market position as a provider of smart lighting solutions. The company’s suite of Wi-Fi enabled lights are currently used in nearly one million homes, viewed as second only to lighting giant, Philips Hue. LIFX products are sold in over 100 countries worldwide, directly and via distribution and sales partnerships with leading retailers and ecommerce platforms including Amazon, Google, Apple, JB Hi-Fi, Bunnings, Officeworks, MediaMarkt, Saturn and Best Buy (in both the US and Canada).

Buddy is headquartered in Adelaide, Australia, with offices in Seattle, Melbourne, Silicon Valley and Shenzhen.
