#### **Exploration and Development**

EKJV exploration activity this quarter consisted of in-mine exploration with underground drilling. Project work was completed on near-mine resource development targets, mostly Drake.

Drilling continues to test the extents of K2 mineralisation to RL5400 from the P5796 drill drive. Drilling also continues at Falcon to test the extent of mineralisation from drill platforms in Pegasus P5796 and P5920. A further drill platform in Raleigh, RA6149 will be utilised to test the northern extents of Falcon mineralisation.

Regional target generation away from the existing mining centres will continue into the June 2019 quarter.

Details are contained in the Quarterly Report of the EKJV exploration activities, released to the ASX on 23 April 2019.

#### OTHER EXPLORATION

#### Seven Mile Hill Joint Venture (Rand's Interest 50%)

Evaluation of all past exploration activity and target generation was undertaken for the Seven Mile Hill project during the quarter. This work recommends follow up drilling of a number of advanced gold prospects together with additional drilling and geochemical sampling of several conceptual targets. Detailed planning for these programs is in progress.

#### **CORPORATE**

#### Takeovers panel

On 26 November 2018, orders made by the Takeovers Panel on 21 November 2018 (Divestment Orders) determining that 12,025,519 of Rand's shares in Tribune (Sale Shares) were to be vested in ASIC to sell and to be held on trust for Rand pending such sale took effect. Rand has taken steps to put the Divestment Orders into effect such that Rand is no longer registered as the holder of the Sale Shares. As at 31 March 2019, 878,960 of these Tribune shares were still vested with ASIC, and Rand has received the funding from the sale of the balance of shares.

For the sake of completeness, Rand notes that the remaining 1,135,000 of Rand's shares in Tribune (representing a 2.26% interest in Tribune's issued share capital) which were acquired by Rand in January 2014, were not subject to the Divestment Orders, and are deemed to be "Void" Shares in accordance with s259C of the Corporations Act. The Company is intending to seek a court order to clarify the position of the Void Shares to enable them to be sold and the proceeds distributed to the Company.

#### **Share Buyback**

On 10 January 2019, the Company initiated a new share buyback program, whereby the Company would undertake an on-market share buy-back up to a maximum of 6,014,847 shares. As at 31 March 2019, no shares have been bought back under this particular program.
