ASX Announcement

30 April 2019

Quarterly Activities Report to 31 March 2019
HIGHLIGHTS

- **Hudbay Extends Earn-In to Llahiun Cu/Au Project in Chile**
- **Change of Auditor**

Southern Hemisphere Mining Limited ("Southern Hemisphere", "SUH" or "the Company") (ASX: SUH) is pleased to provide the following Quarterly Activities Report for the period ending 31 March 2019.

Hudbay Earn-In – Chile

The Agreements between SUH and Hudbay, as announced to the market on 8 February 2018, provides a path for Hudbay Chile to earn a 70% interest in the Llahuin Project by making a series of cash payments to SUH (via SUH's 100% owned Llahuin) totalling US\$5.8 million over 5 years, and committing to spend a minimum of US\$3.5 million on exploration work over the first 3 years (including the obligation to meet exploration covenants of \$500,000 in the first year, \$1,000,000 in the second year and \$2,000,000 in the third year).

During the quarter, an amended contract was signed whereby Hudbay paid SUH US\$125,000 immediately, with the balance of the US\$250,000 to be paid in September 2019. The expenditure commitment on Llahiun remains the same.

Hudbay has to date completed and analysed 149 samples for full geochemistry. The geochemical footprint of known mineralisation has been confirmed and a new untested southern anomaly has been defined. Hudbay relogged selected holes with encouraging results that led to the decision to complete a ~ 1,500 m drilling programme consisting of three diamond core drill holes. This drilling programme has been recently completed and the Company anticipates receiving the results from Hudbay in the near future.

Australian Gold Investments:

No material activities during the Quarter.

Change of Auditor

The Directors announced the appointment of PKF Perth to perform the audit function of the Company.
