

30 April 2019

ASX Announcement / Media Release

Quarterly Report for Period Ending 31 March 2019

HIGHLIGHTS

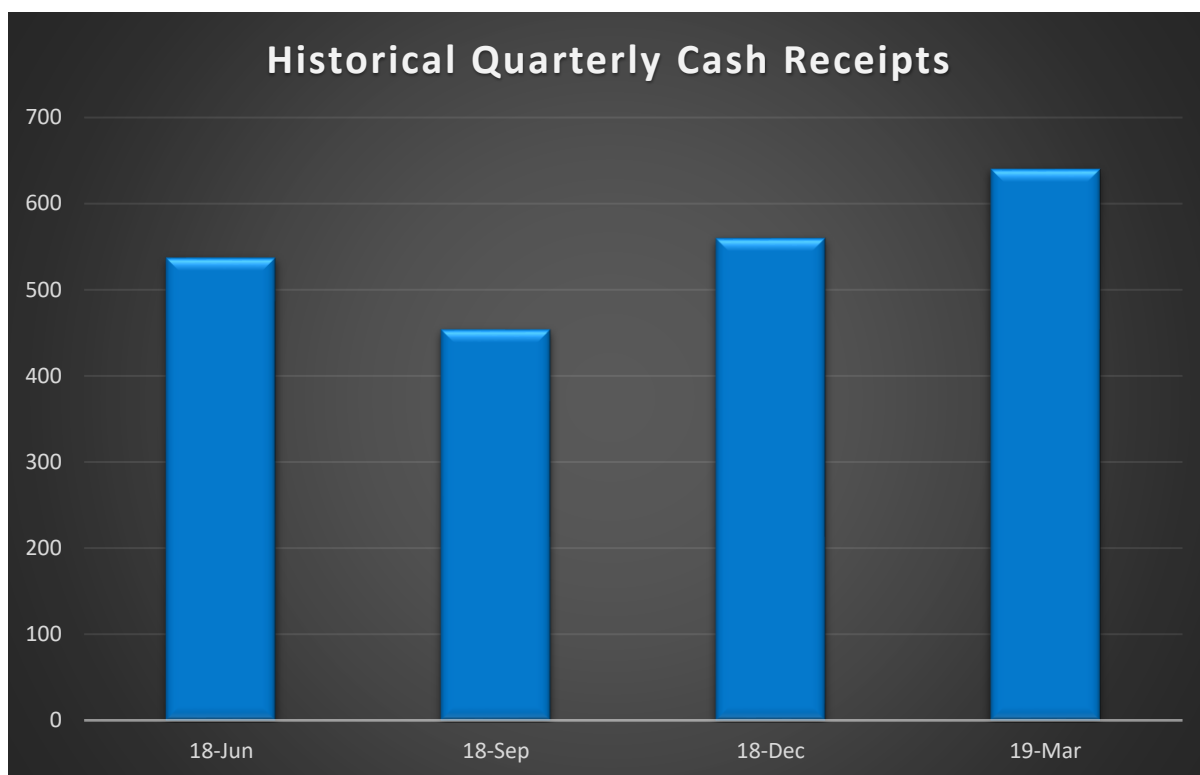

- **Cash Receipts for the quarter total \$640,000.**
- **Revenues growth up 16% from December 2018 quarter.**
- **Third consecutive quarter of revenue growth while expenses maintained.**
- **Total value of current purchase orders approximately \$2.4m.**
- **New 5G technology products launched.**

Connected IO Limited ("CIO" or "Company") provides the release of its results for the quarter ended 31 March 2019.

Revenue Update

CIO achieved cash receipts from customers for the quarter of AUD\$640,000 in what is traditionally a seasonally discounted period, achieving a 16% increase from the previous quarter and the third consecutive quarter of revenue growth.

The continued performance of the Company's products were verified by the fact that 90% of the quarterly revenues were received from existing customers.

Strong Pipeline of Purchase Orders

Total value of Purchase Orders excluding accrued revenues and customer cash receipts is currently approximately AUD\$2.4M. These purchase orders are expected to convert to customer cash receipts before the end of CY2019. CIO has continued to maintain its expenses and was able to successfully negotiate more favorable credit terms with its new Taiwanese manufacturer. The new credit terms will enable Connected IO to manufacture more product without additional outlay of cash.

New Product Line Introduced

The Company confirms its first shipment of its new CR48NA operator agnostic multi-SIM router. CR48NA represents a giant leap in Connected IO's strategy to transition from hardware manufacturing to providing turn-key subscription-based services with hardware and software components. The product has been tested and approved for deployment by the two largest operators in the United States, Verizon Wireless and AT&T. CR48NA was designed for high availability enterprise applications and is being aimed at Managed Service Providers (MSPs) in North America and is compatible with 5G technology. The managed services market is expected to grow from USD \$180 billion in 2018 to USD \$282 billion by 2023¹.

1. Report - Managed Services Market by Service Type (Managed Security Services, Managed Network Services, Managed IT Infrastructure and Data Center Services), Vertical, Organization Size, Deployment Type, and Region - Global Forecast to 2023 - www.marketsandmarkets.com/PressReleases/managed-services.asp

Growing Market Penetration

The Company has continued to penetrate the market via its established relationships and has built new opportunities and avenues for sales and recurring revenues. This includes currently conducting 10 trials in various stages and the results of these initiatives are expected to be reflected in the next quarterly announcements.

ABOUT CONNECTED IO

Connected IO Limited has its operations based in Dallas, in the USA. Its business is a wireless technology innovator and manufacturer operating in the multi-trillion-dollar “IOT” (Internet of Things) sector. CIO specializes in machine to machine (“M2M”) connectivity, providing hardware and software solutions to some of the world’s largest companies. CIO’s software solutions also include a customised cloud management interface and a variety of support services. Cisco predicts there will be 50 billion connected devices by 2020.

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
