Issue of Convertible Notes

RMG Limited (**RMG** or the **Company**) is pleased to advise it has raised A\$150,000 by the issue of 150,000 Convertible Notes.

Key terms of the Notes are:

- Face value of A\$1 each;
- An Interest rate of 10%pa;
- The Convertible Notes are unsecured;
- The redemption date is 17 August 2019; and
- The conversion price is A\$0.005 per fully paid ordinary share (**Share**). The maximum number of shares that can be issued in relation to the conversion is 30,000,000. The Company intends to use its Listing Rule 7.1 capacity for the issue of the convertible notes.

The Company intends to use the funds raised for general working capital purposes.

Further, the Company notes that as trading in the Company's Shares have been suspended for more than a total of 5 days during the last 12 months, such that RMG will not be able to utilise the section 708A cleansing notice procedure until roughly 12 months has expired from the date of that suspension in trading any Shares. As a result, the convertible note investor has agreed under the convertible notes agreement to a voluntary escrow of any Shares issued upon conversion for the period from issue until the earlier of 12 months from issue or lodgement of a disclosure document which cleanses the securities for secondary trading purposes.

Please find attached Appendix 3B.
