STRONG CASH GENERATION CONTINUES AT TSHIPI

Jupiter Mines Limited ("Jupiter") (ASX:JMS) is pleased to report that Tshipi production is on track to deliver its 3 million tonnes sales target. Cost control remains the focus with FOB production costs this year averaging ZAR31.04 per dmtu (USD2.18¹).

As a consequence, the Tshipi Board has resolved to pay out ZAR1.15 billion (~AUD116 million²) to its shareholders at the end of June 2019.

Jupiter expects to make a healthy H1 FY2020 distribution to its shareholders in November 2019 following release of its half-year financial statements, in line with double digit yields and exceeding the Company's payout policy.

Yours sincerely

**Priyank Thapliyal
