About Laramide Resources:

Laramide Resources Ltd., headquartered in Toronto and listed on the TSX: LAM and ASX: LAM, is engaged in the exploration and development of high-quality uranium assets. Laramide's portfolio of advanced uranium projects have been chosen for their production potential. Major U.S. assets include the Churchrock and Crownpoint In Situ Recovery (ISR) projects and La Jara Mesa in Grants, New Mexico, as well as La Sal in the Lisbon Valley district of Utah. The recently acquired Churchrock and Crownpoint properties, with near-term development potential and significant mineral resources, form a leading ISR division operating in a tier one jurisdiction with enhanced overall project economics. The Company's Australian advanced stage Westmoreland is one of the largest projects currently held by a junior mining company.
