

Geopacific secures 100% direct ownership of Woodlark

Geopacific Resources Limited (**Geopacific**) has received approval to acquire from Kula Gold Ltd (**Kula**) all of Kula's rights and interests in the Woodlark Gold Project (**Woodlark**), consolidating Geopacific's 100% direct ownership of the gold project.

On 25 June 2019, shareholder approval was obtained from both Geopacific and Kula shareholders.

Highlights

- **Geopacific secures 100% direct ownership of Woodlark**
- **Simplified ownership structure and significant corporate cost reduction**
- **Excellent timing with gold price well over the DFS pricing assumption**

Managing Director, Ron Heeks said

"Moving to 100% ownership of the 1.6moz¹ Woodlark Gold Project is a major milestone for the Company.

Full ownership simplifies project financing discussions and further enhances the Company's attractiveness and general market appeal. Additional benefits of the simplified cost structure also includes a substantial reduction in corporate costs.

The timing of the transaction coincides with the near completion of project finance due diligence and also a strengthening gold price that is well above the DFS pricing assumption of A\$1,650/oz.

Progression in these work streams along side the increasing gold price is a positive step in taking advantage of the increasing margin."

As announced on [8 March 2019](#), Geopacific will secure 100% ownership of Woodlark in return for issuing 150M Geopacific shares (**Consideration Shares**), and paying an estimated A\$0.74M cash to Kula concurrent with cancelling all of its existing 85% shareholding in Kula.

Kula will immediately apply the cash to repay its then-estimated A\$0.72M loan from Geopacific. Kula intends to ultimately distribute the Consideration Shares pro-rata to its shareholders once Geopacific's Kula shares are cancelled (**In Specie Distribution**).

Geopacific intends to issue the Consideration Shares to Kula under a transaction specific prospectus to be lodged with ASIC on or about 28 June 2019. When combined with the previously disclosed ASX waiver obtained from Listing Rule 10.7, this will ensure that none of the Consideration Shares will be restricted from trading on the ASX once issued.

The joint venture agreement between Kula and Geopacific will be extinguished. Kula will cease to be a subsidiary of Geopacific and pursue new opportunities. On completion of the transaction Messrs Clyne, Heeks and Smith will retire from the Kula board.
