## AUSTRALIAN SECURITIES EXCHANGE ANNOUNCEMENT

29 August 2019

### EDENCRETE® - FIRST ORDER FOR INDUSTRIAL STORAGE AREA FOR INTERNATIONAL TYRE COMPANY - CLARIFICATION

Eden Innovations Ltd (Eden) (ASX: EDE) refers to its announcement made earlier today in relation to its US subsidiary having received an order to supply EdenCrete® to a plant in South Carolina owned by a major international tyre company, for inclusion in concrete that is to be installed in the replacement of an outdoor concrete storage area for large, industrial tyres.

At the request of the ASX, Eden advises the following:

1. The international tyre company is Bridgestone.
2. The order is to supply approximately 240 gallons of EdenCrete® admixture worth approximately US\$12,000, that is to be added at 2 gallons per cubic yard to approximately 120 cubic yards of concrete, which is to be installed in a small area of the plant that is subject to extreme wear.
3. The commercial significance of this order is not so much in the value of this initial order but in the fact that the initial contract is intended to serve as a trial to determine if Bridgestone wishes to use EdenCrete® in its future concrete storage areas repair projects, not only at its South Carolina plant but also potentially at some or all of its other 18 plants that it has in the United States.
