Dear Ryan

**Request for Voluntary Suspension**

We refer to our request for a trading halt dated 23 September 2019 pending release of an announcement of the release of drilling assay results from shallow drilling at the Thursday's Gossan copper deposit.

Stavely expects the final assay results from the laboratory within the next 2 days and therefore the Company requests that the ASX grant a voluntary suspension in its securities effective from commencement of trading on Wednesday 25 September 2019.

The following information is provided in relation to this request:

- The suspension is sought until the earlier of the commencement of trading on Friday 27 September 2019 or when the announcement regarding the results is released to the market;
- The Company is not aware of any reason why its securities should not be suspended; and
- The Company is not aware of any other information that is necessary to inform the market about the suspension.

Yours sincerely,
