JADAR LITHIUM LIMITED

2019 CORPORATE GOVERNANCE STATEMENT

The Board is responsible for establishing the Company's corporate governance framework, the key features of which are set out below. In establishing its corporate governance framework, the Board has referred to the 3rd edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations (**Recommendations**). To the extent applicable, commensurate with the Company's size and nature, the Company has adopted the Recommendations.

The Board seeks, where appropriate, to provide accountability levels that meet or exceed the Recommendations.

The Company's main corporate governance policies and practices are outlined below and further details on the Company's corporate governance procedures, policies and practices are able to be obtained from the Company website at www.jadarlithium.com.au.

This Corporate Governance Statement is current as at 30 June 2019 and has been approved by the Board of Jadar Lithium Limited.

1. ASX Corporate Governance Council Principles and Recommendations

Board of Directors

The Board is responsible for the corporate governance of the Company. The Board develops strategies for the Company, reviews strategic objectives and monitors performance against those objectives. Clearly articulating the division of responsibilities between the Board and management will help manage expectations and avoid misunderstandings about their respective roles and accountabilities.

The Board of the Company is responsible for:

- (i) the overall operation and stewardship of the Company and its subsidiaries;
- (ii) charting the direction, strategies and financial objectives for the Company; and
- (iii) monitoring the implementation of those policies, strategies and financial objectives,

and is committed to protecting and enhancing shareholder values and conducting the Company's business ethically and in accordance with the highest standards of corporate governance.

Under the leadership of the Chairperson, the Board is responsible for setting the strategic direction for the Company, establishing goals for management and monitoring the achievement of these goals.

The Managing Director or Chief Executive Officer is responsible to the Board for the executive and day-to-day management, operation and administration of the Company in accordance with the strategy and policies approved by the Board. There is currently no Managing Director and/or Executive Officer and the Board carries out this role. In turn, the senior management team is responsible to the Managing Director and/or Chief Executive Officer and the Board relative to their particular areas of responsibility. The Managing Director and/or Chief Executive Officer is accountable to the Board for all authority delegated to the position.

The Company Secretary reports directly to the Board and supports the Board by advising on governance matters, monitoring implementation of policy and procedures, co-ordinating and timely despatch of Board papers and ensuring minutes accurately capture the business conducted at Board meetings.

Composition of the Board

Election of Board members is substantially the province of the Shareholders in Shareholder meeting. As the Company's activities develop in size, nature and scope, the composition of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

The Company's Constitution provides that the maximum number of Directors is ten and the minimum number of Directors is three. The Company has four Directors serving on the Board. Detailed biographies of these Directors are provided in the Company's Annual Report.

When a vacancy exists, through whatever cause, candidates for Board positions are nominated by the Remuneration and Nomination Committee for consideration by the Board and the whole Board decides on the recommendations of new directors made by the Committee.

In selecting new members for the Board, regard shall be had to the appropriate skills and characteristics needed by the Board as a whole. The Board shall endeavour to appoint individuals who would provide the mix of director characteristics, diverse experiences and background, perspectives and skills appropriate for the Company.

Potential new Directors are subject to appropriate and prudent background and screening checks prior to appointment. Board candidates must stand for election at the next general meeting of shareholders following such appointment, where information is set out to shareholders including; biographical details, other material directorships, any material adverse information revealed by checks and details of interest, position, association or relationship that might have influence.

A letter of appointment is entered into with new directors and contains key terms and conditions relevant to that appointment.

Ethical Standards

The Board is committed to the establishment and maintenance of appropriate ethical standards and has adopted a Code of Conduct that sets ethical standards to guide and enhance the conduct and behaviour of Directors, Officers, Employees and Consultants. The Code of Conduct is available on the Company's website at www.jadarlithium.com.au.

Independence of the Board

The Board is responsible for the overall governance of the Company. Issues of substance affecting the Company are considered by the Board, with advice from external advisors as required. Each Director must bring an independent view and judgment to the Board and must declare all actual or potential conflicts of interest on an ongoing basis. Any issue concerning a Director's ability to properly act as a Director must be discussed at a Board meeting as soon as practicable, and a Director may not participate in discussions or resolutions pertaining to any matter in which the Director has a material personal interest.

The Company considers that a Director is an independent Director where that Director is free from any business or other relationship that could materially interfere, or be perceived to interfere with, the independent exercise of the Director's judgement. The Company has also assessed the independence of its Directors having regard to the requirements for independence which are set out in Principle 2 of the ASX Corporate Governance Principles.

In accordance with the Company's definition of independence, and the materiality thresholds set, the Company has reviewed the positions and associations of each of the 4 Directors and considers that 3 Directors are not independent as follows:

Name	Status	Length of Service to 30 June 2019
Luke Martino	Not Independent	18 months
Nicholas Sage	Not Independent	18 months
Stefan Müller	Not Independent	11 months
Steven Dellidis	Independent	5 months

The Board will assess the independence of new Directors upon appointment, and the independence of other Directors, as appropriate.

The majority of the Board is not independent. To assist the Directors with independent judgement, it is the Board's policy that if a Director considers it necessary to obtain independent professional advice to properly discharge the responsibility of their office as a director then, provided the Director first obtains approval from the Chairman or independent Directors for incurring such expense, the Company will pay the reasonable expenses associated with obtaining such advice.

Subject to the Chairman's approval (not to be unreasonably withheld), the Directors, at the Company's expense, may obtain independent professional advice on issues arising in the course of their duties.

Board Charter

The functions and responsibilities of the Board are set down in the Company's Board Charter, which has been prepared having regard to the ASX Corporate Governance Principles. A copy of the Company's Board Charter is available on the Company's website at www.jadarlithium.com.au.

Monitoring of Board and Senior Executive Performance

In order to ensure that the Board continues to discharge its responsibilities in an appropriate manner, the performance of the Board and all individual directors be reviewed annually by the Nominations and Remuneration Committee in accordance with the Company's documented Performance Evaluation Criteria (refer Annexure 3 of the Nomination and Remuneration Committee Charter available on the Company's website at www.jadarlithium.com.au). This annexure also includes the process for annually assessing the performance of key executives within the Company. Performance evaluations were undertaken during the reporting period.

Board's Role in Risk Management Oversight

The Board's role in risk oversight includes receiving reports from management and the Audit & Risk Committee on a regular basis regarding material risks faced by the Company and applicable mitigation strategies and activities. Those reports detail the effectiveness of the risk management program and identify and address material business risks such as risks relating to conduct of business, regulatory and compliance risks, reputational risks, reporting and IT systems as they relate to business continuity. The Board and its committees consider these reports, discuss matters with management and identify and evaluate any potential strategic or operational risks including appropriate activity to address those risks.

Board Committees

As set out below, the Board has established two standing committees to facilitate and assist the Board in fulfilling its responsibilities. The Board may also establish other committees from time-to-time to assist in the discharge of its responsibilities.

Each committee has the responsibilities described in the relevant committee charter adopted by the Company (which have been prepared having regard to the ASX Corporate Governance Principles). A copy of the charters for the below committees is available on the Company's website at www.jadarlithium.com.au.

Audit and Risk Committee

The purpose of the Committee with respect to audit is to assist the Board of Directors of the Company in fulfilling its corporate governance and oversight responsibilities by monitoring and reviewing:

- the integrity of financial statements;
- the effectiveness of internal financial controls;
- the independence, objectivity and competency of internal and external auditors;

The Board has considered whether or not it is appropriate or desirable for the Company to have an internal audit function, having regard to the particular circumstances of the Company and its size. At this stage, the Board is satisfied that the establishment of a formal internal audit function is not warranted on the basis of the Company's current scale. This decision will however be kept under review.

2. Departures from Recommendations

The Company is required to report any departures from the Recommendations in its annual Corporate Governance Statement.

The Company's compliance and departures from the Recommendations are detailed in the table below.

Principles and Recommendations	Explanation for Departures
1.5 Companies should establish a policy concerning diversity and disclose the policy or a summary of that policy.	Diversity includes, but is not limited to gender, age, ethnicity and cultural background. The Company is committed to diversity and recognises the benefits arising from employee and Board diversity and the importance of benefiting from all available talent. However, given the size of the Company and its Board, the Company's Corporate Governance Plan does not include a policy specifically addressing diversity. The Board does not consider it necessary to have a diversity policy but will consider implementing one in the future. At present, given the size of the Company and its operations, it currently does not have any women on the board. The Company's company secretary is female. The Company will continue to monitor diversity as the Company and its operations grow and expand.
2.1 The Board of a listed entity should have a nomination committee which consists of at least three members, a majority of whom are Independent Directors.	The Company does have a nomination committee however, due to the Company's size and that of the Board, this committee currently consists of two members, one of whom is an Independent Director. As the Company grows in size, the Company will consider appointing additional members.
2.2 A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.	The Company supports the appointment of Directors who bring a wide range of business and professional skills and experience. While the Company does not disclose a formal skills matrix, it does consider Director's attributes prior to any appointment. The qualifications, skill and expertise relevant to the position of Director held by each Director is included in the Company's Annual Report.
2.4 A majority of the Board of a listed entity should be Independent Directors	The majority of the Board is not independent. To assist the Directors with independent judgement, it is the Board's policy that if a Director considers it necessary to obtain independent professional advice to properly discharge the responsibility of their office as a Director then, provided the Director first obtains approval from the Chairman or Independent Directors for incurring such expense, the Company will pay the reasonable expenses associated with obtaining such advice.

Principles and Recommendations	Explanation for Departures
2.5 The chair of the Board of a listed entity should be an Independent Director and, in particular, should not be the same person as the CEO	The chair is not an Independent Director. The Company believes that given the size and scale of its operations, non-compliance with this recommendation is not detrimental. It is the Board's view that the Company's corporate governance principles, the quality, stature and substantive business knowledge of the members of the Board of Directors, as well as the Board's culture of open communication are conducive to Board effectiveness.
4.1 The Board of a listed entity should have an audit committee of at least three members that are non-executive, and a majority of whom are Independent Directors	The Company does have an audit committee however, due to the Company's size and that of the Board, this committee currently consists of two members both of whom are non-executive Directors. As the Company grows in size, the Company will consider appointing additional members.
7.1 The Board of a listed entity should have a risk committee of at least three members.	The Company does have a risk committee however, due to the Company's size and that of the Board, this committee currently consists of two members one of whom is an Independent Director. As the Company grows in size, the Company will consider appointing additional members.
8.1 The Board of a listed entity should have a remuneration committee of at least three members, a majority of whom are independent	The Company does have a remuneration committee however, due to the Company's size and that of the Board, this committee currently consists of two members, one of whom is an Independent Director. As the Company grows in size, the Company will consider appointing additional members.
