- **Lake Way Transaction<sup>1</sup> has completed, with Blackham receiving \$7 million cash and up to a further \$10 million contribution to be received towards Williamson open pit pre-production mining activities**

Blackham Resources Limited (ASX: BLK) (“**Blackham**” or the “**Company**”) is pleased to provide an update to shareholders on the Lake Way Transaction.

### Lake Way Transaction

The Lake Way Transaction<sup>1</sup> with Salt Lake Potash Limited (ASX:SO4) (“**Salt Lake Potash**”) has completed, with Blackham receiving \$7 million cash, which is in addition to the \$3 million deposit that was received from Salt Lake Potash in July 2019. Salt Lake Potash will also contribute up to a further \$10 million to the pre-strip of the Williamson open pit mine, allowing Blackham to expedite the mining of the Williamson open pit and providing Salt Lake Potash with suitable construction material for its Lake Way Sulphate of Potash project. Hartleys Limited and Poplar Legal advised Blackham in relation to the Lake Way Transaction.

Pre-production activities have already commenced at the Williamson open pit in advance of ore production in November 2019, with Williamson then providing the baseload of Blackham’s free milling ore for the remainder of FY2020.

Blackham’s Executive Chairman, Mr Milan Jerkovic, stated “Completion of the Lake Way Transaction is an important milestone for Blackham, contributing to a strengthened balance sheet as Blackham continues to improve operational performance and achieve ongoing cost reductions to improve operational cash flow”.
