ASX Release

Mining Lease Application submitted - Woolgar

Strategic Minerals Corporation NL (“Strategic” or the “Company”) (ASX Code: SMC) is pleased to advise that it has lodged the Southern Star Mining Lease Application (“MLA”) 100236 with the Queensland Department of Natural Resources, Mines and Energy. The Southern Star MLA abuts the already granted North Star Mining Lease 90238 which contains the Big Vein South (“BVS”) deposit. The new MLA will provide additional surface areas for infrastructure and other associated activities in support of potential gold mine development and operations at Woolgar.
