

GOVERNOR BROOME PROJECT DRILLING TO COMMENCE FOR RESOURCE UPGRADE

Astro Resources NL is an Australian-based mineral resources company focused on the commercial development and production of economically and environmentally sustainable mineral sands deposits, diamonds, gold and other minerals.

Astro Resources NL (**ARO** or **Astro**) advises that further to its earlier announcement detailing the commencement of the drilling on the Governor Broome Project dated 20 February 2020 (**Drilling Announcement**), the following additional information is provided:

1. Governor Broome Drilling Results in the fourth paragraph of the Drilling Announcement, the statement "...These 22 holes averaged 4m @ 4%HM from an average depth of 4.25m." was included. Astro wishes to retrace this statement as it does not relate to exploration results reported under the 2012 Edition of the JORC Code.
2. Funding – Astro advises that the additional funding for the drilling works is to be on the same terms of the loan, as detailed on 30 September 2019.

The information in this report as it relates to Mineral Resources and exploration results for the Governor Broome Deposit is based on information compiled by John Doepel (Director of Continental Resource Management Pty Ltd), who is a member of the Australasian Institute of Mining and Metallurgy. Mr Doepel has sufficient experience in mineral resource estimation, which is relevant to the style of mineralisation and type of deposit under consideration and is qualified as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Mineral Resources and Ore Reserves". Mr Doepel consents to the inclusion in the report of the information in the form and context in which it appears.
