2.COMPANY SECRETARY

The current Company Secretary up to the date of this report is Ms Sophie Raven.

3.PRINCIPAL ACTIVITIES

The Company provides a complete "White Labelled" TV and entertainment managed service from the 'cloud', lowering the barriers of market entry and operator risk by reducing the need for high upfront capital Investment or big-ticket operational overheads. The Company's modular SaaS (Software as a Solution) integrates seamlessly into an existing operator's platform and workflow bringing management, security, control and delivery efficiency over any network to any device. The Company provides a personalized customer viewing experience whilst maximizing operator revenue through real-time intelligence.

TV2U delivers a personalized individual viewing experience, by delivering content to a consumer based on their viewing. TV2U maximizes revenue by delivering personalized targeted advertising based on a geography, demographic or an individual. Advertising can be dynamically stitched into a live stream or for on-demand inserted pre and post content. TV2U's analytical platform is immediate, Individual, Interactive, Intelligent and Influential. TV2U providing a cloud managed service that attracts, wins and retains customers, using disruptive personalized managed campaigns. Providing a set of software tools that empower its clients to proactively drive revenue generation while reducing churn rates by maintaining existing customer retention.

4.REVIEW OF OPERATIONS

The Company requested that it be placed into voluntary suspension on 26 November 2019 and remains in voluntary suspension to the date of this Half-Year Report.

During the Period, the following operational updates were provided:

AEMG

During the September 2019 quarter, TV2U successfully completed the AVoD and live streaming advertising solution for TV2 Africa, allowing AEMG to actively sell advertising space on the platform for both VoD assets and live TV channels on the

DIRECTORS' REPORT
FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

platform. AEMG signed a live streaming and video-on-demand agreement with One Africa TV (OATV) to allow them to take its content over the top on the TV2Africa platform.

TV2Africa expanded its VoD library, receiving approximately 500 assets from Gravel Road. These assets range from documentaries, feature, lifestyle, music videos and short films.

During the December 2019 quarter TV2U worked with AEMG to advance the functionality and useability of their platform. Several improvements were made to increase overall performance, such as browser caching, reducing the size of the iOS and Android apps, database warehousing and Live channel player and EPG load time improvements. Updates to the iOS application were also made to ensure that there were no compatibility issues with the release of iOS 13. TV2U completed the design and build of the TV2Africa set top box application, to allow users to enjoy the content on the big screen. Discussions are underway to plan the deployment of the application to AEMG's chosen STB devices.

JEE GROUP

During the September 2019 quarter JEE continued with their Google Ad marketing campaign and reached over 10,000 downloads of the Android App from the Google Playstore. JEE progressed with their in-house transcoding schedule and made over 1,000 assets available to watch on the Persis TV platform across movies and TV series. In the quarter TV2U worked together with JEE to design and develop the new IVAN-X music module, using the most up to date industry techniques to allow the streaming of Persian music across the web and Android mobile application.

During the December 2019 quarter, TV2U worked with JEE on their GDPR compliance, ensuring that the correct messaging, data security and data storage was in place. Part of this work was to ensure that a user could deactivate their account, which would trigger the deletion of all non-essential personal data. This feature is now available as part of the IVAN-X standard functionality for all current and future TV2U customers. Advances were made in the quarter on the new music module, and at the end of the quarter JEE commenced the creation of the metadata file for the music singles and albums.

ESPORTS

During the September 2019 quarter TV2U started collaborating with the content aggregator esportsclips to obtain access to this gaming content. TV2U deployed an esports themed version of their IVAN-X platform and uploaded over 50 hours of exclusive moderated content with a guarantee of 10 hours per week of the latest Esports content. This was used to showcase the available content to TV2U's current and potential clients, allowing them to look at the viability of adding this type of content to their platform and to offer the most popular games in their regions using the esportsclips format.

During the December 2019 quarter, TV2U made improvements to the platform that was created in the September 2019 quarter. These were done to help potential customers see how the esports content could be controlled and viewed. Updates were made on the meta data allowing users to search for games, players and their favourite esports teams, which is a requirement for fans following several tournaments. A parental control mechanism was also introduced to cater for the vast amount of video games that come with a specific age rating.

PGASCOM

During the September 2019 quarter the TV2U team travelled to Indonesia to meet with PGASCOM and discuss the OTT platform project. During the December 2019 quarter, TV2U remained in communication with PGASCOM while they continued to look for further content partnerships with Indonesian operators.

INDOSAT

During the September 2019 quarter TV2U travelled to Indosat's Head of Data in Jakarta to discuss current operations and scope a white labelled version of IVAN-X for one of their clients (PR Plus).

During the December 2019 quarter TV2U continued to support Indosat with its plan to offer TV2U's platform as a white label B2B solution to its clients and customers.

SOL TELECOM

During the September 2019 quarter TV2U continued to provide technical support to SOL with regards to its OTT direct to consumer service, SOL GO. TV2U successfully designed and developed its IVAN-X launcher apk for installation onto Set Top

Boxes (STB) to compliment the SOL GO mobile applications. The STB apk allows users to sign in, sign up, browse the content and purchase a subscription, as well as manage the boxes features such as WiFi connectivity and initial setup.

BRITISH COLUMBIA UNIVERISTY

During the December 2019 quarter TV2U drafted a commercial contract to cover the staged deployment of the water leak detection system for the University. This was sent to the appropriate key stakeholders at the University for them to review and sign, both parties will then move forward with the first product order, which will be followed by the planning of a site visit for the installation.

TALICO SMART TECHNOLOGY – CONSULTATION SERVICES

During the December 2019 quarter, TALICO undertook commercial discussions on a number of 'smart' projects in various stages whereby TALICO will provide consultancy services to bring together a number of best of breed technology companies along with its own products and infrastructure to build sustainable solutions for commercial and residential projects.

JAYPLUS AG

JAYPLUS is a new venture born out of ECOTONIAN a company that provides forward financing to the sports industry for leagues, clubs and player transfers. During the December 2019 quarter, TV2U and JAYPLUS executed an Exclusive License Agreement, as announced on 28 November 2019. TV2U will be the Technology Partner of JAYPLUS via the NextGen Sports OTT Platform, Fan Engagement 360 Platform and Second Screen Experience. As referenced in the ASX announcement dated 28 November 2019, and by way of update to the market, TV2U advises that JAYPLUS's anticipated investment funding from its third party investors is still in process of being finalised and no initial licence fees have been paid to TV2U to date.

Corporate

During the Period, the following corporate events occurred:

- Alan Boyd, a non-executive director of the Company, resigned; and
- The Company's Annual General Meeting was held on 20 December 2019, at which the following Resolutions were passed following a poll:
 - ❖ Resolution 1: Adoption of Remuneration Report
 - ❖ Resolution 3: Election of Director – Bret Silvey
 - ❖ Resolution 4: Election of Director – Hannah Ward
 - ❖ Resolution 5: Future Draw Downs under Lind Agreement
 - ❖ Resolution 6: Re-approval of Incentive Plan
 - ❖ Resolution 7: Ratification of prior issue of Shares for Settlement
 - ❖ Resolution 8: Ratification of prior issue of Shares in lieu of Fees
 - ❖ Resolution 9: Replacement of Constitution

In relation to proposed Resolution 2, Re-Election of Director – Alan Boyd, given that Mr Boyd resigned as a Non-Executive Director of the Company prior to Annual General Meeting (refer to ASX Announcement dated 25 November 2019), this resolution was withdrawn and no poll was carried out on it.

In relation to Contingent Resolution 10 – Spill Meeting, as less than 25% of the votes cast on Resolution 1 were voted against the adoption of the Remuneration Report, Resolution 10 was withdrawn and no poll was carried out on it.

Resolution 9, Replacement of Constitution, was a special resolution and was passed with the requisite 75% majority.

**TV2U INTERNATIONAL LIMITED
DIRECTORS' DECLARATION
FOR THE HALF-YEAR ENDED 31 DECEMBER 2019**

1. CORPORATE INFORMATION

TV2U International Limited (referred to as "TV2U" or the "Company") is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange ("ASX"). The address of its registered office and principal place of business are disclosed in the Corporate Directory. The consolidated half-year financial report covers the period from 1 July 2019 to 31 December 2019 (the "Period") and comprises the Company and its subsidiaries (referred to as the "Consolidated Entity" or the "Group").

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

(a) Basis of compliance

This general purpose financial report for the half-year reporting period ended 31 December 2019 has been prepared in accordance with the Australian Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Act 2001*. The consolidated entity is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

This interim financial report does not include full disclosures of the type normally included in an annual report. It is recommended that this financial report to be read in conjunction with the annual financial report for the year ended 30 June 2019 and any public announcements made by Tv2U during the half-year reporting period in accordance with the continuance disclosure requirements of the *Corporations Act 2001*.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

Summary of Significant Accounting Policies

The significant accounting policies adopted in the preparation of the historical financial information included in this report have been set out in the 30 June 2019 financial statements.

New, revised or amending Accounting Standards and Interpretations adopted

The Group has adopted AASB 16 Lease from 1st July 2019

AASB 16: Leases

This Standard supersedes AASB 117 Leases, Interpretation 4 Determining whether an arrangement contains a Lease, AASB interpretation 115 Operating Leases-Incentives and AASB interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of lease. AASB 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under AASB 117.

The key features of AASB 16 are as follows:

- Lessees are required to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value.
- A lessee measures right-of-use assets similarly to other non-financial assets and lease liabilities similarly to other financial liabilities.
- Assets and Liabilities arising from the lease are initially measured on a present value basis. The measurement includes non-cancellable lease payments (including inflation-linked payments), and includes payments to be made

TV2U INTERNATIONAL LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

in optional periods if the lessee is reasonably certain to exercise an option to extend to lease, or not to exercise an option to terminate the lease.

- AASB 16 contains disclosure requirements for leases.

Based on the Group's detailed assessment for the impact of AASB 16, the standard has not had a material impact on the transactions and balances recognised in the financial statements. The Company's overseas subsidiaries have rent agreements for the office premises in Lahore and Kuala Lumpur. Both rent agreements allow either party to terminate the contract without significant penalties hence under the AASB16 there are no non-cancellable period exists. All premises rental agreements are classified as short term leases and the group recognise rent payments as an operating expense on a straight-line basis over the term of the lease

(b) Going concern

The interim consolidated financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and the settlement of liabilities in the normal course of business.

The Group has incurred a net loss after tax for the half-year ended 31 December 2019 of \$1,016,187 (31 December 2018 of \$1,919,177), and a net cash outflow from operations of \$1,041,435 (31 December 2018: \$1,433,236). As at 31 December 2019 the Group had net liabilities of \$1,975,207 (30 June 2019: \$1,752,000).

The ability of the consolidated entity to continue as a going concern is dependent on securing additional funding through capital raising to continue to meet its working capital requirements in the next 12 months.

JAYPLUS is a new venture born out of ECOTONIAN a company that provides forward financing to the sports industry for leagues, clubs and player transfers. During the December 2019 quarter, TV2U and JAYPLUS executed an Exclusive License Agreement, as announced on 28 November 2019. TV2U will be the Technology Partner of JAYPLUS via the NextGen Sports OTT Platform, Fan Engagement 360 Platform and Second Screen Experience. The term of the executed licence agreement is ten years including initial \$4.88 million payment. As referenced in the ASX announcement dated 28 November 2019, and by way of update to the market, TV2U advises that JAYPLUS's anticipated investment funding from its third party investors is still in process of being finalised and no initial licence fees have been paid to TV2U to date.

These conditions indicate a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Should the consolidated entity not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at the amounts that differ from those stated in the financial statements. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the consolidated entity not continue as a going concern.

The Directors have reviewed the business outlook and cash flow forecasts after taking into account the above matters and are of the opinion that the use of the going concern basis of accounting is appropriate as the Directors believe the Group will achieve the matters set out above and be able to pay its debts as and when they fall due.

3. OPERATING SEGMENTS

AASB 8 *Operating Segments* requires operating segments to be identified on the basis of internal reports about components of the Company that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance.

Convertible Notes

The Convertible Security Funding Agreement entered into by the Company with Lind Asset management in September 2018 (as announced to ASX on 17 September 2018) (the Existing Funding Agreement), under which the Company has drawn down A\$1,500,000 in funds to date, remains in place. The terms of the Existing Funding Agreement still provide the Company with the ability to request up to an additional A\$1,200,000 (in three tranches of A\$400,000 each) during the term of the Existing Funding Agreement through the issue of a second, third and fourth convertible security, subject to certain conditions having been met. Under the new arrangement, the original collateral shares issued under the Existing Funding Agreement have been reduced to zero. First convertible security had a face value of \$1,800,000 that will be repayable over 18 months. Tv2u will make 15 monthly repayments of \$120,000 in either shares or cash. The monthly repayment amount in shares will be determined using 90% of the average of three daily VWAPs per share. Tv2u paid Lind a commitment fee of \$45,000 and an execution of the Agreement Tv2u issued 30,000,000 fully paid ordinary share and 62,500,000 unlisted options to purchase ordinary shares in Tv2u with an exercise price equal to 130% of the average daily VWAP during the 20 trading days prior to execution of the Agreement, with an expiry date of 36 months after the date of issue.

An independent expert valuation of the convertible notes was completed and key features of the valuation level are listed below under Valuation approach.

Valuation Approach

Expert valuer used valuation approach as follows:

- Valuation was carried out only the First Convertible Security (as defined in the Convertible Security Agreement) of \$1.5m (also referred to as 'Convertible Security' in this report) as the other three tranches of \$400k each have not been issued;
- Valuation of the Convertible Security on the date of the financial period ended 31 December 2019;
- There is a total of 15 repayments to be made on the Convertible Security. The first repayment of \$120,000 occurred on or around 19 December 2018 but the holiday period for repayment was extended to 30 April 2019. Therefore, the second monthly repayment was made in May 2019. Under the scheduled repayment, three repayments should be repaid by 30 June 2019 but the repayment in July 2019 was brought forward and consequently four repayments had been made by 30 June 2019. Therefore, the next monthly repayment would be made in August 2019;

TV2U INTERNATIONAL LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

- The maturity date of the convertible security was extended to June 2020;
- No repayments have been made since 1 July 2019 as the lender has not issued any repayment notices since that date. We have used a “catch up” in the monthly amount in order to have the full amount repaid by maturity.
- The holiday period, in order to obtain the average three daily VWAPs from the last 20 trading days immediately prior to the notice dates;
- As it is in the investor’s sole discretion to select the average three daily VWAPs, we have selected the lowest three VWAPs in the relevant 20 trading days;
- In view of the monthly repayments in 5 remaining instalments, we have broken up our valuation into the 5 sub-tranches, each with a conversion feature;
- Whilst cash repayment is an option, we understand it is unlikely to happen and we have only considered the conversion option for the purpose of valuing the financial instrument;
- We have assumed that the conversion option of the investor is optimised if converted at the end of the maturity date, hence we have not taken into account early exercise.

Independent Auditor's Review Report

To the members of Tv2U International Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Tv2U International Limited, which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors' determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Tv2U International Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Tv2U International Limited is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the Tv2U International Limited's financial position as at 31 December 2019 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Emphasis of matter – inherent uncertainty regarding continuation as a going concern

Without modifying our conclusion, we draw attention to note 1 in the financial statements which outlines the ability of the company to continue as a going concern is dependent on the ability of the company to raise additional funds as required to pay its debts as and when they fall due.

As a result, there is a material uncertainty related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern, and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.
