ASX Market Announcement

Board changes

Invitrocue Limited (ASX: IVQ) would like to announce the appointment of Mr Chow Yee Koh as an executive director of the Company as replacement of Mr Geoffrey Thomas who is resigning as director of the Company to concentrate on his other personal business interests.

The Company would like to thank Mr Thomas for his contributions and wishes him all the best in his future endeavours.

Mr Koh is currently the Accountant and Company Secretary of Invitrocue Limited and was one of the founding directors of Invitrocue Limited when the company listed on the ASX in January 2016. Mr Koh graduated from University of Strathclyde, UK, with a Bachelor of Arts (Accounting and Finance), and is a fellowship member of the Association of Chartered Certified Accountants (UK). Mr Koh has extensive experience in accounting, auditing and corporate finance, accumulated over 20 years from working in audit firms and listed companies. Mr Koh is also a director of ASX listed Stemcell United Limited.

Mr Koh would be paid a remuneration of A\$30,000 per annum for his role as director of the Company.

This announcement has been authorised and approved by the board.

About Invitrocue (ASX:IVQ)

Invitrocue Limited (ASX:IVQ) is an innovative life sciences company that specialises in developing ground-breaking 3D cell-based models derived from liver and tumour tissues. Headquartered in Singapore and with operations in Australia, China, Hong Kong and Germany, Invitrocue's Onco-PDO technology enables patient-derived cancer cells (organoids) to be cultured in laboratories for testing against a panel of drugs to support personalised clinical decisions. By enabling assessments of the best ways for drugs to be developed, Invitrocue creates better, faster and more affordable disease treatments, that work towards the company's goal of creating a healthier society.
