FURTHER DRILLING COMPLETED AT NEW ZINC DISCOVERY - EARAHEEDY JOINT VENTURE

The Board of Zenith Minerals Limited (ASX: ZNC) ("Zenith" or "the Company") is pleased to provide shareholders with the following additional information regarding the announcement today of further drilling at the Earahedy Joint Venture by JV Manager Rumble Resources Limited (ASX:RTR).

Rumble previously announced the discovery of shallow, flat-lying sandstone hosted zinc-lead mineralisation at the Earahedy Joint Venture in Western Australia in 2 prospects 10km apart. Results included: 11m @ 4.13% Zn+Pb, 12.8 g/t Ag from 61m (RTR:ASX Release 23rd January 2020).

Zenith holds a 25% interest in the Earahedy Joint Venture with Rumble, with Zenith's interest free carried until completion of a Bankable Feasibility Study. In addition, Zenith currently retains a total of 4,509,947 RTR shares received as consideration from Rumble. The Earahedy option agreement with Rumble was initially announced to ASX on 12th October 2017, and Rumble last year exercised its option to acquire 75% interest (ASX release 21st October 2019).

Further background information on recent Earahedy Joint Venture activities is provided in the ASX releases listed below:

- 23rd January 2020 RTR: Large Scale Zn-Pb-Ag Discoveries at Earahedy
- 10th December 2019 RTR: Drilling Commenced at Earahedy Zn-Pb Project
- 21st October 2019 RTR: Option Exercised at Earahedy Zn Pb Project
- 22nd August 2019 RTR: 14 High Priority Targets and New Mineralisation Style
- 10th April 2019 RTR: Drilling Commenced at Earahedy Zinc Project
- 6th February 2019 RTR-First Order Drill Targets at Earahedy Zinc - Re-release
