### About STEMify Limited

STEMify Limited is a company listed in Australia focused on developing and marketing STEM education curriculum in various countries, substantially the USA, utilising interactive tools including 3D printing.

The company now operates through its USA subsidiary, MyStemKits, Inc:

### About MyStemKits

MSK was established in 2013 and has grown into a leading USA "EdTech" business that develops and markets the world's largest library of Science, Technology, Engineering and Math (**STEM**) curriculums incorporating 3D printed project kits for K-12 schools, all aligned to USA national science and mathematics standards. It was recently recognised as a finalist for the best STEM Solution by EdTech Digest at the 2018 EdTech Awards.

MSK's lesson plans were developed over five years in conjunction with The Florida Center for Research in Science, Technology, Engineering and Mathematics at the Florida State University (**FCR-STEM**). An estimated US\$20 million was invested into the development and extensive testing in the classroom.
