ASX ANNOUNCEMENT

30 April 2020

QUARTERLY REPORT

Period Ended 31 March 2020

HIGHLIGHTS

The Board of TV2U International Limited (**TV2U** or **Company**) is pleased to provide the following update for the quarter ended 31 March 2020:

- Jayplus partnership continues to strengthen
- TV2Africa Set-Top-Box offering enhanced
- Music files to be received and uploaded to Music Module of Persis TV
- TALICO continues to pursue commercial discussions regarding *Smart Technology* projects.

Key Agreements and Business Opportunities

JAYPLUS

TV2U and JAYPLUS continue to work closely together following the signing of the Exclusive License Agreement, with TV2U acting as the Technology Partner via the application of the Company's *NextGen Sports OTT* and *Fan Engagement 360* platforms and *Second Screen Experience*. TV2U will continue to bring updates to the market as this situation progresses.

AEMG

In continued support and cooperation of AEMG, TV2U have taken steps forward in the advancement of the TV2Africa platform via the enhancement of the Multi-Tenant Set-Top-Box application. These improvements incorporate Content Browsing and UI Screen improvements, Multi-Tenant flow updates, as well as the implementation of a free payment gateway for testing. PayFast and PayGate payment gateways have been implemented as a long-term addition along with TVOD purchasing.

Discussions are still progressing in relation to the deployment of the STB application across AEMG's chosen STB units.

JEE GROUP

Jee Group continues to work tirelessly alongside TV2U towards completion and activation of the Music Module's functionality. Development and testing have been completed, with the module being deployed to the PersisTV platform in anticipation of the supply of the music files.

ESPORTS

TV2U remains in discussions with an array of clients regarding commercial terms surrounding the provision of E-Sports content. Requirements gathering has begun for building the E-Sports module into the NextGen Sports 360 Platform and following the sign-off of the scoping agreement, currently at an undetermined date, initial designs will be produced for the layout of this module.

PGASCOM

TV2U maintain communications with PGASCOM while searching for further content partnerships and operators within Indonesia. Opportunities to progress have been limited at the current time due to restriction imposed to fight the COVID-19 Outbreak, however the Company look forward to bringing to light further movements through an update to the market in June 2020.

The IVAN-X OTT solution stands ready for deployment over all applications and formats, the TV2U team continuing to update the source codes and integrations for the greatest possible time-efficiency upon launch.

INDOSAT

TV2U show continued support for INDOOSAT by offering its platform as a white label brand-to-brand solution, acting as an enabler for clients and customers by providing a prepared, fast launch service without loss of quality or experience.

SOL TELECOM

During this quarter SOL TELECOM have been striving towards a new progressive business strategy, an initial draft of which has been shared with TV2U for support in honing this new approach. TV2U have responded, requesting further information to allow for a greater depth of insight and understanding to bring the Company into a position for the capable provision of valuable feedback.

UNIVERSITY OF VICTORIA (PREVIOUSLY REFERED TO AS BRITISH COLUMBIA UNIVERSITY)

TV2U actively awaits feedback regarding the commercial contract drafted by the Company and provided to the University of Victoria. The Company intends to bring an update to the market upon receiving correspondence signifying movement.
