

## SO4 STRENGTHENS BOARD

**Salt Lake Potash Limited (SO4 or the Company) is pleased to announce the appointment of Mr Matt Bungey to the Board of Directors effective from today.**

Mr Bungey is a Chemical Engineer with over 20 years' experience in Natural Resources. He commenced his career as a Process Engineer with BHP at the Centre for Minerals Technology in the United States where he was responsible for process design and research into bacterial leaching of copper-sulphide ore. He then spent several years in the Marketing Division of BHP Billiton based in The Hague.

Mr Bungey was most recently a Managing Director and Head of Mining and Metals with Barclays Investment Bank in London.

Mr Bungey has worked as a consultant to SO4 since the beginning of 2019 and has played a key role in the advancement of the Lake Way Project. He is also an Independent Director of BGC Group, a large private enterprise based in Perth.

Mr Bungey holds an MBA from INSEAD with Distinction (2005) and a B. Chem Eng (Hons) and B.Sci from the University of Melbourne.

### **TONY SWIERICZUK, Chief Executive Officer**

*"Since 2019, Matt has made a significant contribution to the rapid advancement of our Lake Way Project. He brings wide-ranging experience in chemical engineering, mining finance and corporate strategy to the SO4 board and is a valuable appointment."*
