AMENDMENT TO ASSAY RESULTS, KANINKO PROJECT

Further to the announcement released to ASX today (KANINKO AUGER RESULTS DOUBLE STRIKE LENGTH OF GOLD MINERALISED ZONE) the Company advises that there was a typographical error in the highlights on page 1 of the release.

The result which read 10 m at 20.88 g/t gold should have read 10 m at 10.88 g/t gold.

The Company regrets the error and apologises for any inconvenience it may have caused.

In addition, the Company wishes to clarify that the small black labels with white text on Figure 1 refer to the previous AC/RC results which were first reported on 15 April 2020 (as noted in the figure caption).

Competent Persons Statement

The exploration results reported herein are based on information compiled by Mr Paul Roberts (Fellow of the Australian Institute of Geoscientists). Mr Roberts is a full-time employee of the company and has sufficient experience relevant to the style of mineralisation and type of deposits being considered to qualify as a Competent Person as defined by the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Roberts consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.
